OMB Control Number: 0596–0252.

Summary of Collection: Existing directives in the Forest Service Manual and Handbook are being revised to improve security and administration of explosive magazines and explosives use that are authorized under a special use authorization. The revisions clarify that all non-Forest Service storage and use of explosives, including use and storage of military weapons and ammunition for purposes of avalanche mitigation on National Forest System lands, must be authorized by a special use authorization that contains clause B–29 in Forest Service Handbook 2709.11,

Need and Use of the Information: To allow the Forest Service to monitor holder compliance with clause B–29, the revised directives require holders of an authorization containing the clause to submit certain documentation annually as part of their operating plan. The required documentation includes copies of a log containing the date and type of magazine inspections (including inspections required every seven days) and the date all deficiencies identified in any magazine inspection report were corrected; copies of any magazine inspection reports; a copy of the holder's current ATF-issued federal explosives license or federal explosives permit, if applicable; and a copy of a log containing the date of the most recent magazine lock and key replacement.

Summary of Collection: The Community Wildfire Defense Grant Program forms will be used by applicants to apply for the Community Wildfire Defense Grant (CWDG) Program. The purpose of the CWDG Program is to assist at-risk local communities and Indian Tribes with planning and mitigating against the risk created by wildfire. The Act prioritizes at-risk communities that are in an area identified as having high or very high wildfire hazard potential, are low-income, and/or have been impacted by a severe disaster.

Need and Use of the Information: Information collected includes name of organization, type of land work where will be performed, how project addresses State Forest Action Plan and the Cohesive Wildland Fire Management Strategy, if the community is considered underserved, amount of Federal funds requested and any non-Federal matching funds, name of lead agency/organization (if any), grant period, project narrative, project budget, project outcomes, how project will be maintained, and other miscellaneous information. This information is collected from any entity who voluntarily applies for Forest Service funding and wishes to participate in the program. This information is used by the Forest Service to determine which projects will be funded by the Community Wildfire Defense Grant Program.
