SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Extension:

Rule 203A-2(d); SEC File No. 270-630, OMB Control No. 3235-0689

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission ("Commission") has submitted to the

Office of Management and Budget ("OMB") a request for extension of the previously approved collection of information discussed below.

The title of the collection of information is: "Exemption for Certain Multi-State Investment Advisers (Rule 203A-2(d))." Its currently approved OMB control number is 3235-0689. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid control number.

Pursuant to section 203A of the Investment Advisers Act of 1940 (the "Act") (15 U.S.C. 80b-3a), an investment adviser that is regulated or required to be regulated as an investment adviser in the state in which it maintains its principal office and place of business is prohibited from registering with the Commission unless that adviser has at least \$25 million in assets under management or advises a Commission-registered investment company. Section 203A also prohibits from Commission registration an adviser that: (i) Has assets under management between \$25 million and \$100 million; (ii) is required to be registered as an investment adviser with the state in which it maintains its principal office and place of business; and (iii) if registered, would be subject to examination as an adviser by that state (a "mid-sized adviser"). A mid-sized adviser that otherwise would be prohibited may register with the Commission if it would be required to register with 15 or more states. Similarly, Rule 203A-2(d) under the Act (17 CFR 275.203a-2(d)) provides that the prohibition on registration with the Commission does not apply to an investment adviser that is required to register in 15 or more states. An investment adviser relying on this exemption also must: (i) Include a representation on Schedule D of Form ADV that the investment adviser has concluded that it must register as an investment adviser with the required number of states; (ii) undertake to withdraw from registration with the Commission if the adviser indicates on an annual updating amendment to Form ADV that it would be required by the laws of fewer than 15 states to register as an investment adviser with the state; and (iii) maintain in an easily accessible place a record of the states in which the investment adviser has determined it would, but for the exemption, be required to register for a period of not less than five years from the filing of a Form ADV relying on the rule.

Respondents to this collection of information are investment advisers

required to register in 15 or more states absent the exemption that rely on rule 203A-2(d) to register with the Commission. The information collected under rule 203A-2(d) permits the Commission's examination staff to determine an adviser's eligibility for registration with the Commission under this exemptive rule and is also necessary for the Commission staff to use in its examination and oversight program. This collection of information is codified at 17 CFR 275.203a-2(d) and is mandatory to qualify for and maintain Commission registration eligibility under rule 203A-2(d). Responses to the recordkeeping requirements under rule 203A-2(d) in the context of the Commission's examination and oversight program are generally kept confidential.

The estimated number of investment advisers subject to the collection of information requirements under the rule is 106. These advisers will incur an average one-time initial burden of approximately 8 hours, and an average ongoing burden of approximately 8 hours per year, to keep records sufficient to demonstrate that they meet the 15-state threshold. These estimates are based on an estimate that each year an investment adviser will spend approximately 0.5 hours creating a record of its determination whether it must register as an investment adviser with each of the 15 states required to rely on the exemption, and approximately 0.5 hours to maintain these records. Accordingly, we estimate that rule 203A-2(d) results in an annual aggregate burden of collection for SEC-registered investment advisers of a total of 848 hours. Estimates of average burden hours are made solely for the purposes of the Paperwork Reduction Act, and are not derived from a comprehensive or even a representative survey or study of the costs of Commission rules and forms.

The public may view background documentation for this information collection at the following website: www.reginfo.gov. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to (i) www.reginfo.gov/public/do/PRAMain and (ii) David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, c/o Cynthia Roscoe, 100 F Street NE, Washington, DC 20549, or by sending an email to: PRA_Mailbox@sec.gov.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–89319; File No. SR–CboeBZX–2020–055]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the Fee Schedule

July 14, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on July 1, 2020, Cboe BZX Exchange, Inc. (the “Exchange” or “BZX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe BZX Exchange, Inc. (the “Exchange” or “BZX”) is filing with the Securities and Exchange Commission (“Commission”) a proposed rule change to amend the fee schedule. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website (http://markets.cboe.com/us/equities/regulation/rule_filings/bzx/), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of

the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its fee schedule applicable to its equities trading platform (“BZX Equities”) to add two additional tiers to the supplemental incentive program of the Add Volume Tiers.

The Exchange first notes that it operates in a highly-competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. More specifically, the Exchange is only one of several equity venues to which market participants may direct their order flow, and it represents a small percentage of the overall market. The Exchange in particular operates a “Maker-Taker” model whereby it pays credits to members that provide liquidity and assesses fees to those that remove liquidity. The Exchange’s fee schedule sets forth the standard rebates and rates applied per share for orders that provide and remove liquidity, respectively. Particularly, for orders priced at or above \$1.00, the Exchange provides a standard rebate of \$0.0025 per share for orders that add liquidity and assesses a fee of \$0.0030 per share for orders that remove liquidity. In response to the competitive environment, the Exchange also offers tiered pricing which provides Members opportunities to qualify for higher rebates or reduced fees where certain volume criteria and thresholds are met. Tiered pricing provides an incremental incentive for Members to strive for higher tier levels, which provides increasingly higher benefits or discounts for satisfying increasingly more stringent criteria.

One of the tiered pricing models is set forth in Footnote 1 of the fee schedule (Add Volume Tiers), which provides Members an opportunity to qualify for an enhanced rebate on their orders that add liquidity on the Exchange and meet certain criteria. For example, a set of criteria is applied to displayed orders that add liquidity in Tape B securities (*i.e.*, orders that yield fee code B)³ called the supplemental incentive program tier. The supplemental incentive program tier provides an additional enhanced rebate of \$0.0001

to Members that add Tape B ADV of greater than or equal to 0.50% of the Tape B TCV.

The Exchange now proposes to add two additional tiers to the supplemental incentive program tiers. A set of criteria for proposed Supplemental Incentive Program—Tape A would be applied to displayed orders that add liquidity in Tape A (*i.e.*, orders that yield fee code V⁴). A set of criteria for proposed Supplemental Incentive Program—Tape C would be applied to displayed orders that add liquidity in Tape C (*i.e.*, orders that yield fee code Y⁵). The proposed Supplemental Incentive Program—Tape A would provide an additional enhanced rebate of \$0.0001 to Members that add Tape A ADV of greater than or equal to 0.50% of Tape A TCV. Similarly, proposed Supplemental Incentive Program—Tape C would provide an additional enhanced rebate of \$0.0001 to Members that add Tape C ADV of greater than or equal to 0.50% of Tape C TCV. Based on these proposed changes, the Exchange also proposes to clarify which fee codes are applicable to each of the supplemental incentive program tiers, and also to rename the existing supplemental incentive program tier to Supplemental Incentive Program—Tape B.

The Exchange believes the proposed new tiers will encourage Members to increase their Displayed liquidity in Tape A and C securities on the Exchange.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,⁶ in general, and furthers the objectives of Section 6(b)(4),⁷ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members, issuers and other persons using its facilities. The Exchange operates in a highly-competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. The proposed rule changes reflect a competitive pricing structure designed to incentivize market participants to direct their order flow to the Exchange, which the Exchange
