Background

On May 27, 2011, the Department of Commerce ("Department") published in the **Federal Register** a notice of initiation of an administrative review of certain activated carbon from the People's Republic of China ("PRC"), covering the period April 1, 2010, through March 31, 2011. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 76 FR 30912, 30913 (May 27, 2011). On July 11, 2011, after receiving U.S. Customs and Border Protection ("CBP") data, the Department selected the mandatory respondents and issued its antidumping questionnaire. The preliminary results of this administrative review are currently due on December 31, 2011.

Extension of Time Limits for the Preliminary Results

The Department determines that completion of the preliminary results of this review within the statutory time period is not practicable. The Department requires more time to gather and analyze surrogate country and value information, review questionnaire responses, and issue supplemental questionnaires. Therefore, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("Act"), we are extending the time period for issuing the preliminary results of review by 120 days until April 29, 2012.¹ The final

results continue to be due 120 days after the publication of the preliminary results.

This notice is published pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: September 26, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

SUPPLEMENTARY INFORMATION:**Background**

On September 28, 2006, the Department published in the **Federal Register** the antidumping duty order on

to the Tariff Act of 1930, As Amended, 70 FR 24533, 24533 (May 10, 2005).

¹ See *Certain Lined Paper Products from People's Republic of China: Initiation and Preliminary Results of Changed Circumstances Review, and Intent to Revoke Order in Part*, 76 FR 50998 (August 17, 2011) ("Intent to Revoke").

CLPP from the PRC.² On June 30, 2011, the Department received a request from the Association of American School Paper Suppliers ("AASPS")³ to conduct a changed circumstances review for the purpose of revoking, in part, the antidumping duty order with respect to FiveStar® Advance™ notebooks and notebook organizers without PVC coatings. AASPS claimed that producers accounting for substantially all of the production of the domestic like product to which the order was issued no longer wish to maintain the order. We did not receive comments from any other party.

On August 17, 2011, we published in the **Federal Register** a combined notice of initiation and preliminary results of changed circumstances review, and intent to revoke, in part, the antidumping duty on CLPP from the PRC.⁴ We invited parties to comment and received no comment.

Scope of the Order

The scope of this order includes certain lined paper products, typically school supplies (for purposes of this scope definition, the actual use of or labeling these products as school supplies or non-school supplies is not a defining characteristic) composed of or including paper that incorporates straight horizontal and/or vertical lines on ten or more paper sheets (there shall be no minimum page requirement for looseleaf filler paper) including but not limited to such products as single- and multi-subject notebooks, composition books, wireless notebooks, looseleaf or glued filler paper, graph paper, and laboratory notebooks, and with the smaller dimension of the paper measuring 6 inches to 15 inches (inclusive) and the larger dimension of the paper measuring 8³/₄ inches to 15 inches (inclusive). Page dimensions are measured size (not advertised, stated, or "tear-out" size), and are measured as they appear in the product (*i.e.*, stitched and folded pages in a notebook are measured by the size of the page as it appears in the notebook page, not the size of the unfolded paper). However, for measurement
