Title: Contract Modifications, NASA FAR Supplement Part 18-43.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Aeronautics and Space Administration (NASA) is requesting renewal of an existing collection to ensure engineering changes are made quickly and in a cost-effective manner. Proposals supporting such change orders contain detailed information which enables the Government to obtain the best goods and services for the best prices.

NASA procurement and technical personnel use the information to

manage the contract. Change proposals are submitted whenever a change order is used which increases the contractor's cost to perform the contract. Without change orders, NASA would often be unable to obtain the best goods and services at the best prices.

II. Method of Collection

NASA collects this information electronically where feasible, but information may also be collected by mail or fax.
