

countries to promote the adoption of Clean Cities Programs or similar volunteer programs to expand the use of alternative fuels and alternative fuel technologies.

Office of Building Technology, State and Community Programs (BTS)—The mission of this Office is to develop, promote, and integrate energy technologies and practices to make buildings more efficient and affordable and communities more livable. Financial assistance applications will be requested to support information dissemination, public outreach, and related technical analysis activities for the following BTS priorities: Addressing the efficient and renewable energy technology information deficit among commercial building constructors, owners, and managers; promoting energy efficiency and renewable energy utilization as a public value for residential builders and home buyers; increasing the availability of energy efficient school design, retrofit and technical resource information for school board members and school administrators; preparing the building trades, building operators, and building managers for the new generation of efficient and renewable energy technologies; promoting the widespread installation of dedicated compact fluorescent lamp fixtures; and strengthening the *Rebuild America Program* through outreach activities with stakeholder organizations representing facility managers, business officials, and policy makers at colleges and universities, State and local governments, elementary and secondary schools, and public and other low-income housing.

Federal Energy Management Program (FEMP)—The mission of this Program is to assist agencies in achieving the federal energy management goals and to disseminate information to states, local governments and the public on innovative approaches to the use of energy. Financial assistance will be requested to support several specific program areas such as a national lighting certification program for lighting professionals.

The *Office of the Assistant Secretary for EERE* has the overall management responsibility for the entire Office of EERE, including the OPT, OTT, OIT, BTS, and the Federal Energy Management Program (FEMP). Financial assistance applications will be requested to support information dissemination, outreach, and related analysis activities under Program Area 6A, Technology and Systems Integration: Information Dissemination,

Outreach, and Related Analysis, for projects which have the objectives to:

- (1) Encourage the design, development, and adoption of energy efficiency and/or renewable energy systems that incorporate two or more technologies, or incorporate technology(ies) supported by at least two DOE program offices (including at least one from EERE), and that have identified potential for multiple applications across sectors;
- (2) Stimulate greater technology integration and systems integration activities, including multi-application product development (a) within the energy efficiency and renewable energy sector (e.g., multi-feedstock/multi-product biorefineries; distributed power generation technologies, applications, and grid interface issues; combined heat-and-power systems; industrial, commercial, and district-energy concepts; on-site clean fuel production and automotive fueling systems; and active/passive commercial building energy management systems); and (b) between EERE and the fossil energy sector (e.g., coal/biomass co-firing; higher efficiency natural gas technologies; multi-fuel micro-turbines; carbon extraction and sequestration technologies);
- (3) Encourage the design, development, and adoption of EERE technology-based strategies for accomplishing environmental and human health objectives under the Clean Air Act and other environmental laws and policies, particularly at the State and local government level;
- (4) Encourage the use of Geographical Information Systems (GIS) and other computer-assisted analytical, planning, and decision-support tools to assist communities to evaluate the energy, environmental, and economic impacts and costs of various options for energy generation, distribution, and use; and
- (5) Develop financial risk and liability models for investments in EERE technologies and systems in order to assist investors and other stakeholders to evaluate financial risk exposure resulting from energy investment choices.

In addition, financial assistance applications will be requested to support region-wide technical assistance activities in developing countries and countries in transition to support the development of human and institutional capabilities related to EERE by governmental entities, not-for-profit organizations, and industry organizations. The region-wide activities must encompass one of the following regions: Latin America, Africa, South Asia, or Eastern Europe,

and encompass several countries within that region.

Million Solar Roofs Initiative (MSRI)—The purpose of the MSRI is to spur the installation of solar energy systems on one million U.S. buildings by 2010. The initiative seeks to catalyze market demand through the elimination of barriers to the use of solar energy systems on buildings and the establishment of State and Community Partnerships. Applications will be requested under this solicitation to develop information, training, and workshops to assist in the elimination of specific barriers. A separate solicitation providing direct support to Million Solar Roofs State and Community Partnerships will be issued by the Golden Field Office not later than January 2001.

Additional information about the programs of the Office of EERE can be obtained at the Office's Internet site at <http://www.eren.doe.gov/ee.html>.

Issued in Washington, DC on November 2, 2000.

Arnold A. Gjerstad,

Director, Program Services Division, Office of Headquarters Procurement Services.

Atlanta Power Station; Notice of Meeting

November 2, 2000.

A telephone conference will be convened by staff of the Office of Energy Projects on December 6, 2000, at 1 p.m. eastern standard time. The purpose of the meeting is to discuss the operation of the upstream fishway and the design of the downstream fish screen structure as suggested by the U.S. Department of the Interior Fish and Wildlife Service (FWS) in their comments on the draft environmental assessment of the Atlanta project. Also, the meeting will clarify issues that need to be addressed in the Final Environmental Assessment.

Any person wishing to be included in the telephone conference should contact Gaylord W. Hoisington at (202) 219-2756 or e-mail at gaylord.hoisington@ferc.fed.us. Please notify Mr. Hoisington by November 30,

2000, if you want to be included in the telephone conference.

David P. Boergers,
Secretary.

Dauphin Island Gathering Partners; Notice of Refund Report

November 2, 2000.

Take notice that on October 30, 2000, Dauphin Island Gathering Partners (DIGP) tendered for filing its refund report in Docket Nos. RP00-254-000 and RP00-254-001.

DIGP states that this filing and the refunds were made to comply with the Commission's May 23, 2000 Letter Order. DIGP states that refunds were paid on August 30, 2000 and October 12, 2000.

DIGP states that copies of this filing are being served contemporaneously on all participants listed on the service list in this proceeding and on all persons who are required by the Commission's regulations to be served with the application initiating these proceedings.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed on or before November 9, 2000. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Comments and protests may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

David P. Boergers,
Secretary.

Federal Energy Regulatory Commission

[Docket No. RP96-383-012]

Dominion Transmission, Inc.; Notice of Negotiated Rate Filing

November 2, 2000.

Take notice that on October 27, 2000, Dominion Transmission, Inc. (DTI) tendered for filing to the Commission the following tariff sheets for disclosure of a recently negotiated transaction with Allegheny Energy Unit 1 and 2, L.L.C.:

First Revised Sheet No. 1300
Second Revised Sheet No. 1404
Original Sheet No. 1405

DTI requests an effective date of November 1, 2000, for the agreement.

DTI states that the transaction includes a negotiated rate. Further, because the transaction includes a provision that may be a material deviation from the form of service agreement included in DTI's tariff, DTI has also filed the letter agreement between the parties.

DTI states that copies of the filing have been served on all parties on the official service list, DTI's customers, and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Comments and protests may be filed electronically via the internet in lieu of paper. Dominion Transmission, Inc.; Notice of Tariff Filing

November 2, 2000.

Take notice that on October 27, 2000, Dominion Transmission, Inc. (DTI) tendered for filing the following tariff sheets for disclosure of a recently negotiated transaction with PSEG Power New York, Inc.:

Second Revised Sheet No. 1300
First Revised Sheet No. 1405
Original Sheet No. 1406

DTI requests an effective date of November 1, 2000, for the agreement.

DTI states that the transaction includes a negotiated rate. Further, because the transaction includes a provision that may be a material deviation from the form of service agreement included in DTI's tariff, DTI has also filed the letter agreement between the parties.

DTI states that copies of the filing have been served on all parties on the official service list, DTI's customers, and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations.
