SUPPLEMENTARY INFORMATION:

Information Collection Request Title: The Teaching Health Center Graduate Medical Education Program Reconciliation Tool OMB No. 0915-0342—Extension.

Abstract: The Teaching Health Center Graduate Medical Education (THCGME) program, authorized by Section 340H of the Public Health Service Act, was established by Section 5508 of Public Law (Pub. L.) 111-148. The Bipartisan Budget Act of 2018 (Pub. L. 115-123) provided continued funding for the THCGME Program for fiscal years 2018 and 2019 and the Further Continuing Appropriations Act, 2020, and the Coronavirus Aid, Relief, and Economic Security (CARES) Act extends funding for Fiscal Year (FY) 2020 for the first

two months of FY 2021 (until November 30, 2020).

THCGME program awards payment for both direct and indirect expenses to support training for primary care residents in community-based ambulatory patient care settings. Direct medical expense payments are designed to compensate eligible teaching health centers for those expenses directly associated with resident training, while indirect medical expense payments are intended to compensate for the additional costs of training residents in such programs.

A 60-day notice published in the **Federal Register** on January 22, 2020, Vol. 85, No. 14; pp. 3696-97. There were no public comments.

Need and Proposed Use of the Information: THCGME program payments are prospective payments, and the statute provides for a reconciliation process, through which overpayments may be recouped and underpayments may be adjusted at the end of the fiscal year. This data collection instrument will gather information relating to the number of

resident full-time equivalents in Teaching Health Center training programs in order to reconcile payments for both direct and indirect expenses.

Likely Respondents: The likely responders to the THCGME Reconciliation Tool are THCGME program award recipients.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
THCGME Reconciliation Tool	58	1	58	2	116
Total	58	58	116
