47 CFR Part 73

[DA 03-1117; MB Docket No. 02-374; RM-10598]

Radio Broadcasting Services; Douglas, AZ, Santa Clara, NM and Tombstone, AZ

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In response to a proposal filed on behalf of Cochise Broadcasting LLC, licensee of Station KCDQ, Channel 237A, Douglas, Arizona, this document substitutes Channel 237C for Channel 237A at Douglas, reallocates Channel 237C to Tombstone, Arizona, as that community's first local aural transmission service, and modifies the license for Station KCDQ, as requested. Additionally, to accommodate the allotment of Channel 237C at Tombstone, an *Order to Show Cause* was issued to the licensee of Station KNUW(FM), Channel 237C1, Santa Clara, New Mexico, to specify operation on Channel 236C1 at its current transmitter site. Based on an affirmative response, the licensee of Station KNUW(FM) is modified accordingly. See 67 FR 78401 (published December 24, 2002). Coordinates used for Channel 237C at Tombstone, Arizona, are 31-49-00 NL and 110-05-30 WL, representing a site located 11.8 kilometers (7.3 miles) north of the community. Coordinates used for Channel 236C1 at Santa Clara, are those at the licensed site of Station KNUW(FM) at 32-51-47 NL and 108-14-28 WL.

Tombstone, Arizona, and Santa Clara, New Mexico, are each located within 320 kilometers (199 miles) of the U.S.-Mexico border, concurrence of the Mexican government is required. No response has been received. Therefore, Channel 237C has been allotted to Tombstone with the following interim condition: "Operation with the facilities specified herein is subject to modification, suspension or termination without right to a hearing if found by the Commission to be necessary in order to conform to the 1992 USA-Mexico FM Broadcast Agreement" ("Agreement"). Once an official response from the Mexican government has been obtained, the interim condition may be removed. Channel 236C1 at Santa Clara, New Mexico, occurs at the licensed site of Station KNUW(FM). As there is no change in site or class of channel at Santa Clara, we will notify the Mexican government of the channel substitution once the licensee of Station KNUW(FM) has filed an acceptable application to implement the change.
