Title: Federal Excess Personal Property (FEPP) Inventory.

OMB Number: 0596-218 Expiration Date of Approval: 12/31/2011.

Type of Request: Extension without Revision.

Abstract: The Forest Service acquires excess federally-owned property to loan to state cooperators for wildland fire fighting. Since the property belongs to the Forest Service, the proposed inventory system will facilitate reporting by state agencies to the Forest Service on the status and location of the property. Program authorities include, the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. 483), and the Cooperative Forestry Assistance Act of 1978 (16 U.S.C. 2101 (note)). Additional pertinent regulations include the USDA Organic Act of 1944 (16 U.S.C. 508a) and Federal Property Management Regulations 101-43.309-1, 101-43-313, and 101-43-314 (40 U.S.C. 483). State agencies will use the electronic database (Federal Excess Property Management Information System or FEPMIS) to submit information regarding property make, model, serial number, acquisition value, location, and acquisition date when an item is acquired or no longer needed. Forest Service property management technicians will collect the information from FEPMIS and enter it into a National Finance Center database (PROP), as required by Federal Property Management Regulations. Forest Service property management officers will analyze the data collected to ensure that the property accountability is accurate and no misuse of property is occurring.
