SUPPLEMENTARY INFORMATION:

Title: Procedural Requirements for Requests for Interpretative, No-Action, and Exemptive Letters (OMB Control No. 3038-0049). This is a request for an extension of a currently approved information collection.

Abstract: This collection covers the information requirements for voluntary requests for, and the issuance of, interpretative, no-action, and exemptive letters submitted to Commission staff pursuant to the provisions of section 140.99 of the Commission's regulations,² and related requests for confidential treatment pursuant to section 140.98(b)³ of the Commission's regulations.

The collection requirements described herein are voluntary. They apply to parties that choose to request a benefit from Commission staff in the form of the regulatory action described in section 140.99. Such benefits may include, for example, relief from some or all of the burdens associated with other collections of information, relief from regulatory obligations that do not constitute collections of information, interpretations, or extensions of time for compliance with certain Commission regulations. It is likely that persons who would opt to request action under section 140.99 will have determined that the information collection burdens that they would assume by doing so will be outweighed substantially by the relief that they seek to receive.

This information collection is necessary, and would be used, to assist Commission staff in understanding the type of relief that is being requested and the basis for the request. It is also necessary, and would be used, to provide staff with a sufficient basis for determining whether: (1) granting the relief would be necessary or appropriate

under the facts and circumstances presented by the requestor; (2) the relief provided should be conditional and/or time-limited; and (3) granting the relief would be consistent with staff responses to requests that have been presented under similar facts and circumstances. In some cases, the requested relief might be granted upon the condition that those who seek the benefits of that relief fulfill certain conditions that are necessary to ensure that the relief granted by Commission staff is appropriate. Once again, it is likely that those who would comply with these conditions will have determined that the burden of complying with the conditions is outweighed by the relief that they seek to receive. This information collection also is necessary to provide a mechanism whereby persons requesting interpretative, no-action, and exemptive letters may seek temporary confidential treatment of their request and the Commission staff response thereto and the grounds upon which such confidential treatment is sought.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.⁴ On February 23, 2023, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 88 FR 11410 ("60-Day Notice"). The Commission did not receive any relevant comments on the 60-Day Notice.

Burden Statement: The Commission is revising its existing burden estimate for this information collection. The Commission is basing its new estimate of the annual number of respondents related to this information collection, in part, on the average number of interpretative, no-action, and exemptive letters issued by Commission staff in 2020, 2021, and 2022. The Commission generally estimates that each request was made by a unique respondent. To that number, the Commission is adding additional respondents that have incurred burden hours preparing requests for relief that did not generate a Commission staff letter in response.

This estimate includes the burden hours for preparing, filing, and updating such request letters as well as the burden of complying with any conditions that may be contained in any interpretative, no-action, or exemptive letters granting relief. It also includes burden hours required to prepare and

submit related requests for confidential treatment. The burden hours associated with individual requests will vary widely, depending upon the type and complexity of relief requested, whether the request presents novel or complex issues, the relevant facts and circumstances, and the number of requestors or other affected entities.

The respondent burden is estimated to be as follows:

Estimated Number of Annual Respondents: 45.

Estimated Average Annual Burden Hours per Respondent: 40.

Estimated Total Annual Burden Hours: 1,800.

Frequency of Collection: Occasional.

Type of Respondents: Respondents include persons registered with the Commission (such as commodity pool operators, commodity trading advisors, derivatives clearing organizations, designated contract markets, futures commission merchants, introducing brokers, swap dealers, and swap execution facilities), persons seeking an exemption from registration, persons whose registration with the Commission is pending, trade associations and their members, eligible contract participants, and other persons seeking relief from discrete regulatory requirements.

There are no capital costs or operating and maintenance costs associated with this collection.

Deputy Secretary of the Commission.

SUPPLEMENTARY INFORMATION: The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Application Forms and Instructions for the Fulbright-Hays Training Grants: Doctoral Dissertation Research Abroad (CFDA Number 84.022A) and Faculty Research Abroad (CFDA Number 84.019A).

OMB Control Number: 1840-0005.

Type of Review: Revision of a currently approved ICR.

Respondents/Affected Public: Private Sector.

Total Estimated Number of Annual Responses: 495.

Total Estimated Number of Annual Burden Hours: 11,875.

Abstract: This information collection is a revision, the purpose of which is to make changes to the DDRA and FRA applications to be consistent with an NPRM to amend the programs' regulations. The programs' applications

must be updated to reflect the regulatory changes relating to the programs' selection criteria in CFR part 662.21(c)(3) and 663.21(c)(3). These amendments will result in a change in DDRA student respondents and hour burden.

The purpose of Section 102(b)(6) of the Mutual Educational and Cultural Exchange Act of 1961 (Fulbright-Hays Act) is to promote and develop modern foreign language training and area studies throughout the educational structure of the United States. To help accomplish this objective, fellowships are awarded through US institutions of higher education to American faculty and dissertation students enabling them to conduct overseas research and enhance their foreign language proficiency.

Under the Fulbright-Hays Doctoral Dissertation Research Abroad (DDRA) and the Fulbright-Hays Faculty Research Abroad (FRA) programs, individual scholars apply through eligible institutions for an institutional grant to support the research fellowship. These institutions administer the program in cooperation with the US Department of Education (US/ED) as provided under the authority of Sections 102(b)(6) and 104(e)(1) of the Mutual Educational and Cultural Exchange Act of 1961, 34 CFR parts 662, and the Policy Statements of the J. William Fulbright Foreign Scholarship Board (FSB).

This collection is being submitted under the Streamlined Clearance Process for Discretionary Grant Information Collections (1894-0001). Therefore, the 30-day public comment period notice will be the only public comment notice published for this information collection.
