

component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz.

The proposed finished products include stainless steel ingots and nickel ingots (duty rate ranges from duty-free to 3.0%).

The proposed foreign-status materials and components include stainless steel ingots and nickel ingots (duty rate ranges from duty-free to 3.0%). The request indicates that certain materials/components are subject to duties under section 232 of the Trade Expansion Act of 1962 (section 232) or section 301 of the Trade Act of 1974 (section 301), depending on the country of origin. The applicable section 232 and section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is April 1, 2024.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

For further information, contact Juanita Chen at juanita.chen@trade.gov.

Dated: February 13, 2024.

Drawn Stainless Steel Sinks From the People's Republic of China: Continuation of Antidumping and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) and countervailing duty (CVD) orders on drawn stainless steel sinks from the People's Republic of China

(China) would likely lead to the continuation or recurrence of dumping and countervailable subsidies, and material injury to an industry in the United States, Commerce is publishing a notice of continuation of these AD and CVD orders.

DATES: Applicable February 7, 2024.

FOR FURTHER INFORMATION CONTACT:

Sean Grossnickle, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3818.

SUPPLEMENTARY INFORMATION:

Background

On April 11, 2013, Commerce published in the *Federal Register* the AD and CVD orders on drawn stainless steel sinks from China.¹ On July 23, 2023, the ITC instituted,² and Commerce initiated,³ the second sunset reviews of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its reviews, Commerce determined that revocation of the *Orders* would likely lead to the continuation or recurrence of dumping and countervailable subsidies, and, therefore, notified the ITC of the magnitude of the margins of dumping and subsidy rates likely to prevail should the *Orders* be revoked.⁴

On February 7, 2024, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵

Scope of the Orders

The merchandise covered by the *Orders* includes drawn stainless steel

sinks with single or multiple drawn bowls, with or without drain boards, whether finished or unfinished, regardless of type of finish, gauge, or grade of stainless steel. Mounting clips, fasteners, seals, and sound-deadening pads are also covered by the scope of these *Orders* if they are included within the sales price of the drawn stainless steel sinks.⁶ For purposes of this scope definition, the term "drawn" refers to a manufacturing process using metal forming technology to produce a smooth basin with seamless, smooth, and rounded corners. Drawn stainless steel sinks are available in various shapes and configurations and may be described in a number of ways including flush mount, top mount, or undermount (to indicate the attachment relative to the countertop). Stainless steel sinks with multiple drawn bowls that are joined through a welding operation to form one unit are covered by the scope of the *Orders*. Drawn stainless steel sinks are covered by the scope of the *Orders* whether or not they are sold in conjunction with non-subject accessories such as faucets (whether attached or unattached), strainers, strainer sets, rinsing baskets, bottom grids, or other accessories.

Excluded from the scope of the *Orders* are stainless steel sinks with fabricated bowls. Fabricated bowls do not have seamless corners, but rather are made by notching and bending the stainless steel, and then welding and finishing the vertical corners to form the bowls. Stainless steel sinks with fabricated bowls may sometimes be referred to as "zero radius" or "near zero radius" sinks. The products covered by these *Orders* are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under statistical reporting number 7324.10.0000 and 7324.10.0010. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the *Orders* is dispositive.⁷

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to continuation or recurrence of dumping and countervailable subsidies, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Orders*.

⁶ Mounting clips, fasteners, seals, and sound-deadening pads are not covered by the scope of this order if they are not included within the sales price of the drawn stainless steel sinks, regardless of whether they are shipped with or entered.

U.S. Customs and Border Protection will continue to collect AD and CVD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the *Orders* will be February 7, 2024.⁸ Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year reviews of the *Orders* not later than 30 days prior to fifth anniversary of the date of the last determination by the ITC.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

These five-year (sunset) reviews and this notice are in accordance with sections 751(c) and 751(d)(2) of the Act, and published in accordance with section 777(i) of the Act and 19 CFR 351.218(f)(4).

Dated: February 13, 2024.

SUPPLEMENTARY INFORMATION:

Background

On August 17, 2023, Commerce published the *Preliminary Results* of this administrative review in the **Federal Register** and invited interested parties to comment.¹ In September 2023, Commerce conducted verification of the information reported in the questionnaire responses of Norma (India) Limited (Norma) and R.N. Gupta & Co. Ltd. (RNG).² On November 6, 2023, we received a timely filed case brief from the Government of India (GOI).³ On November 15, 2023, Commerce extended the deadline for issuing these final results to February 1, 2024.⁴ On January 23, 2024, we further extended the deadline for these final results to February 13, 2024.⁵ For a complete description of the events that occurred since the publication of the *Preliminary Results*, see the Issues and Decision Memorandum.⁶

Scope of the Order

The merchandise covered by the *Order* is finished carbon steel flanges. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.⁷

Analysis of Comments Received

All issues raised by the GOI in its case brief are addressed in the Issues and Decision Memorandum. A list of topics discussed in the Issues and Decision Memorandum is provided in Appendix I. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on our analysis of comments from interested parties and the information on the record, there have been no changes made from the *Preliminary Results*. For a full discussion of the issues, see the Issues and Decision Memorandum.

Methodology

Commerce conducted this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found to be countervailable, we find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.⁸ For a full description of the methodology underlying our conclusions, including our reliance on adverse facts available pursuant to sections 776(a) and (b) of the Act, see the Issues and Decision Memorandum.

Companies Not Selected for Individual Examination

We made no changes to the methodology used in the *Preliminary Results*⁹ for determining a rate for companies not selected for individual examination. Therefore, we have made no changes to the subsidy rate calculated for companies not selected for individual examination. The companies for which a review was requested and that were not selected as mandatory respondents or found to be cross-owned with a mandatory respondent are listed in Appendix II.

⁸ See sections 771(5)(B) and (D) of the Act regarding financial contribution; see also section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

⁹ See *Preliminary Results* PDM at 25-26.

⁸ See *ITC Final Determination*.
