

disposition of remains. DD Form 1375 provides next-of-kin an instrument to apply for reimbursement of funeral/interment expenses. This information is used to adjudicate claims for reimbursement of these expenses.

Affected Public: Individuals or Households.

Annual Burden Hours: 425.

Number of Respondents: 2,450.

Responses per Respondent: 1.

Annual Responses: 2,450.

Average Burden per Response: 20 minutes (DD 2065); 10 minutes (DD 1375).

Frequency: On occasion.

DD Forms 2065 and 1375 are initially prepared by military authorities and presented to the next-of-kin or sponsor to fill-in the reimbursable costs or desired disposition of remains. Without the information on these forms the government would not be able to respond to the survivor's wishes or justify its expenses in handling the deceased. Also available at government expense is transportation of the remains to a port of entry in the United States.

Department of the Army

[Docket ID: USA-2015-HQ-0041]

Proposed Collection; Comment Request

AGENCY: Office of the Administrative Assistant to the Secretary of the Army, (OAA-AAHS), DoD.

ACTION: Notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the Department of the Army announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use

of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by November 30, 2015.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Mail:* Department of Defense, Office of the Deputy Chief Management Officer, Directorate of Oversight and Compliance, Regulatory and Audit Matters Office, 9010 Defense Pentagon, Washington, DC 20301-9010.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

Any associated form(s) for this collection may be located within this same electronic docket and downloaded for review/testing. Follow the instructions at <http://www.regulations.gov> for submitting comments. Please submit comments on any given form identified by docket number, form number, and title.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the Department of the Army, Institute for Water Resources, Corps of Engineers Waterborne Commerce Statistics Center (CEIWR-NDC-C), P.O. Title; Associated Form; and OMB

Number: Vessel Operation Report; ENG Forms 3925, 3925B, 3925C, 3925P, OMB Control Number 0710-0006.

Needs and Uses: The Corps of Engineers uses ENG Forms 3925, 3925B, 3925C, and 3925P as the basic instruments to collect waterborne commerce statistics. These data, collected from vessel operating companies, constitute the sole source for domestic vessel movements of freight and passengers on U.S. navigable waterways and harbors; are essential to plans for maintaining U.S. navigable

waterways; and are critical to enforcing the "Harbor Maintenance Tax" authorized under Sec. 1402 of Public Law 99-662.

Affected Public: Business or other for profit.

Annual Burden Hours: 13,560.

Number of Respondents: 842.

Responses per Respondent: 1.

Annual Responses: 842.

Average Burden per Response: 20 minutes.

Frequency: Monthly.

The information collected is the basic data from which the Corps of Engineers compiles and publish waterborne commerce statistics. The data is used not only to report to Congress, but also to perform cost benefit studies for new projects, and rehabilitation projects. It is also used by other Federal agencies involved in transportation and security. This data collection program is the sole source for domestic navigation statistics.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested

data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Middle Grades Longitudinal Study of 2017-18 (MGLS:2017) 2016 Item Validation Field Test (IVFT) Data Collection.

OMB Control Number: 1850-0911.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: Individuals.

Total Estimated Number of Annual Responses: 20,091.

Total Estimated Number of Annual Burden Hours: 6,506.

Abstract: The Middle Grades Longitudinal Study of 2017-2018 (MGLS:2017) is the first study sponsored by the National Center for Education Statistics (NCES), within the Institute of Education Sciences (IES) of the U.S. Department of Education (ED), to follow a nationally-representative sample of students as they enter and move through the middle grades (grades 6-8). The data collected through repeated measures of key constructs will provide a rich descriptive picture of the academic experiences and development of students during these critical years and will allow researchers to examine associations between contextual factors and student outcomes. The study will focus on student achievement in mathematics and literacy along with measures of student socioemotional wellbeing and other outcomes. The study will also include a special sample of students with different types of disabilities that will provide descriptive information on their outcomes, educational experiences, and special education services. Baseline data for the MGLS:2017 will be collected from a nationally-representative sample of 6th grade students beginning in January 2018, with annual follow-ups planned for winters of the 2018-19 and 2019-20 school years, when most of the students in the sample will be in grades 7 and 8,
