[Docket Nos. EL16-6-001, ER16-121-000]

PJM Interconnection, L.L.C.; Notice of Technical Conference

By order dated December 28, 2015,¹ the Commission directed its staff to convene a technical conference in this proceeding, based on its finding that the issues raised by PJM Interconnection, L.L.C. (PJM) in its filing, regarding the allocation of Auction Revenue Rights (ARR) and Financial Transmission Rights (FTR), required the development of a more complete record. As directed by the December 28 Order, the technical conference will focus on whether PJM's existing ARR/FTR tariff provisions are unjust and unreasonable and whether PJM's proposed revisions to its tariff addressing these matters are just and reasonable. As further specified by the Commission, issues to be addressed at the technical conference will include, but are not limited to: (i) PJM's ARR modeling and allocation processes; (ii) treatment of portfolio positions in allocating underfunding or surplus among FTR holders and the potential for market manipulation; and (iii) balancing congestion in ARR/FTR product design.

Take notice that the technical conference will be held on February 4, 2016, in the Commission Meeting Room, at 888 First Street NE., Washington, DC 20426, between 9:30 a.m. and 5:00 p.m. (Eastern Standard Time).² The Chairman and Commissioners may attend and participate in the technical conference.
