SUPPLEMENTARY INFORMATION:

Agenda

The committee will review the Habitat Plan Development Team (PDT) report on research planning efforts for the Great South Channel HMA, including priorities and general research framework with a briefing on specific proposals in development as appropriate. They will also review the PDT report on the Fishing Effects model and discuss applications and next steps. The committee will receive a staff update on offshore energy-related issues; discuss any upcoming comment opportunities plus other follow up items resulting from the April 18, 2019 Council meeting. Also on the agenda is planning for development of Council policies on non-fishing activities that may affect fisheries and fish habitats (offshore energy policies approved last year). Other business will be discussed as necessary.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the date. This meeting will be recorded.
