

Reporting Points), and paragraph 5–6.5i, which categorically excludes from further environmental review the establishment of new or revised air traffic control procedures conducted at 3,000 feet or more above ground level (AGL); procedures conducted below 3,000 feet AGL that do not cause traffic to be routinely routed over noise sensitive areas; modifications to currently approved procedures conducted below 3,000 feet AGL that do not significantly increase noise over noise sensitive areas; and increases in minimum altitudes and landing minima. As such, this action is not expected to result in any potentially significant environmental impacts. In accordance with FAA Order 1050.1F, paragraph 5–2, regarding Extraordinary Circumstances, the FAA has reviewed

this action for factors and circumstances in which a normally categorically excluded action may have a significant environmental impact requiring further analysis. Accordingly, the FAA has determined that no extraordinary circumstances exist that warrant preparation of an environmental assessment or environmental impact study.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

T-368 King Salmon, AK (AKN) to Kodiak, AK (ODK) [New]

King Salmon, AK (AKN)	VORTAC	(Lat. 58°43'28.97" N, long. 156°45'08.45" W)
KOKOZ, AK	FIX	(Lat. 58°31'05.99" N, long. 155°42'32.17" W)
WORRI, AK	FIX	(Lat. 58°45'58.43" N, long. 154°10'05.90" W)
CIXUL, AK	WP	(Lat. 58°43'04.78" N, long. 153°25'52.53" W)
OSBOE, AK	FIX	(Lat. 57°48'07.57" N, long. 152°27'12.75" W)
Kodiak, AK (ODK)	VOR/DME	(Lat. 57°46'30.13" N, long. 152°20'23.42" W)

[Docket No. FAA–2022–0524; Airspace Docket No. 22–AEA–8]

RIN 2120–AA66

Amendment of Class D Airspace and Class E Airspace, and Revocation of Class E Airspace; Poughkeepsie, NY

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Class D airspace and Class E surface airspace, and removes Class E airspace designated as an extension to a Class D surface area for Hudson Valley Regional Airport, Poughkeepsie, NY, as an airspace evaluation determined an update is necessary. This action updates the airport's name and removes Kingston VORTAC from the Class E surface airspace description, as well as replaces the term Airport/Facility Directory with

Chart Supplement in the descriptions. This action enhances the safety and management of controlled airspace within the national airspace system.

DATES: Effective 0901 UTC, November 3, 2022. The Director of the Federal Register approves this incorporation by reference action under Title 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order JO 7400.11F, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; Telephone: (202) 267–8783

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021, is amended as follows:

Paragraph 6011 United States Area Navigation Routes.

* * * * *

promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends airspace for Hudson Valley Regional Airport, Poughkeepsie, NY, to support IFR operations in the area.

History

The FAA published a notice of proposed rulemaking in the **Federal Register** (87 FR 31192, May 23, 2022) for Docket No. FAA–2022–0524 to amend Class D airspace and Class E surface airspace for Hudson Valley Regional Airport, Poughkeepsie, NY, by updating the airport's name, amending the radii of the existing airspace, and removing Class E airspace designated as an extension to Class D airspace. In addition, the FAA proposed to remove Kingston VORTAC from the Class E surface airspace description, as well as replace the term Airport/Facility Directory with Chart Supplement in the descriptions. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and became effective September 15, 2021. FAA Order JO 7400.11F is publicly available as listed in the ADDRESSES section of this document. FAA Order JO 7400.11F lists Class A, B, C, D, and E airspace areas, air traffic routes, and reporting points.

The Rule

The FAA is amending 14 CFR part 71 by amending Class D airspace and Class E surface airspace, by increasing the radius to 4.4 miles (previously 4.0 miles), and amending the surface extensions. Also, this action removes Class E airspace designated as an extension to a Class D surface area for Hudson Valley Regional Airport, Poughkeepsie, NY, as the extensions are included in the Class D description. This action updates the airport's name to Hudson Valley Regional Airport (formerly Dutchess County Airport), and removes Kingston VORTAC from the Class E surface airspace description, as well as replaces the term Airport/Facility Directory with Chart Supplement in the descriptions. In addition, the city name is removed from the airport header, as per FAA Order 7400.2. This action enhances the safety and management of controlled airspace within the national airspace system.

Class D and Class E airspace designations are published in Paragraphs 5000, 6002, and 6004, respectively, of FAA Order JO 7400.11F, dated August 10, 2021, and effective September 15, 2021, which is incorporated by reference in 14 CFR 71.1. The Class D and E airspace designations listed in this document will be published subsequently in FAA Order JO 7400.11. FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated

impact is minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5–6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389

§ 71.1 [Amended]

- 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021, is amended as follows:

Paragraph 5000 Class D Airspace.
* * * * *

AEA NY D Poughkeepsie, NY [Amended]

Hudson Valley Regional Airport, NY
(Lat. 41°37'36" N, long. 73°53'03" W)

That airspace extending upward from the surface to and including 2,700 feet MSL within a 4.4-mile radius of Hudson Valley Regional Airport, and within 1.8 miles each side of the 051° bearing of the airport, extending from the 4.4-mile radius to 6.2 miles northeast of the airport, and within 1.0-miles each side of the 231° bearing of the airport, extending from the 4.4-mile radius to 6.2-miles southwest of the airport. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Air Missions. The effective date and time will thereafter be

continuously published in the Chart Supplement.

Paragraph 6002 Class E Surface Airspace.
* * * * *

AEA NY E2 Poughkeepsie, NY [Amended]

Hudson Valley Regional Airport, NY
(Lat. 41°37'36" N, long. 73°53'03" W)

That airspace extending upward from the surface within a 4.4-mile radius of Hudson Valley Regional Airport, and within 1.8 miles each side of the 051° bearing of the airport, extending from the 4.4-mile radius to 6.2 miles northeast of the airport, and within 1.0-miles each side of the 231° bearing of the airport, extending from the 4.4-mile radius to 6.2-miles southwest of the airport. This Class E airspace is effective during the specific dates and times established in advance by a Notice to Air Missions. The effective date and time will thereafter be continuously published in the Chart Supplement.

Paragraph 6004 Class E Airspace Designated as an Extension to Class D or E Surface Area.

Docket No. 22–ASO–7]

RIN 2120–AA66

Amendment of Class E Airspace; Raleigh, NC

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Class E airspace extending upward from 700 feet above the surface at Raleigh-Durham International Airport, Raleigh, NC, due to the decommissioning of the Leevy non-directional beacon (NDB) and cancellation of associated approaches. In addition, Class E airspace designated as an extension to a Class C surface area is amended by updating the airport geographic coordinates and updating the name of the Raleigh/Durham VORTAC. Also, Horace Williams Airport has been abandoned, and is no longer in need of
