

that have arisen in the course of applying the Program Comment and how those problems were addressed and may be avoided in the future. The Annual Meeting will also provide an opportunity for attendees to provide their views assessing the overall effectiveness of the Program Comment in meeting its intent and purpose. The Army will document the occurrence of the meeting and participants, discussion topics agenda, and will document its response to recommendations by the ACHP as an outcome of the Annual Meeting. Annual Meetings may take place in-person, by phone, by videoconferencing, or any combination of such methods.

6.0 Schedule for Treatment Measures

The Army may immediately carry out all management actions in accordance with this Program Comment, and prior to the completion of the treatment measures specified in Sections 3.2.1, 3.2.3, and 3.2.4. The Army will stop carrying out management actions under this Program Comment when any of the schedules provided below (a. through g.) are not met and will not resume until such treatment measure is finished, unless the schedule has been adjusted in accordance with Section 8. The schedule for the Army's submission of materials associated with treatment measures to the ACHP is as follows:

a. Army FPO NHPA Policy Memorandum—within 45 days from the date of issuance of the Program Comment.

b. Design Guidelines and Building Materials Catalog for Army Inter-War Era Historic Housing—complete on date of issuance of the Program Comment.

c. Design Guidelines Professional Assistance and Monitoring Activities—ongoing from the date of issuance of the Program Comment through 2025, and reported in each Annual Report.

d. Inter-War Era Housing Historic Context Report—end of calendar year 2021.

e. Army's Inter-War Era Housing Program Comment website activities—ongoing from the date of issuance of the Program Comment through 2025, and reported in each Annual Report.

f. Public Educational/Social Media activities—website active from the date of issuance of the Program Comment through 2055, and reported in each Annual Report. The Army will develop and distribute monthly social media content using the information developed for the Program Comment for Inter-War Era housing and general information pertaining to Army historic preservation activities and other Army historic property types through 2025.

g. Imitative Substitute Building Materials Lifecycle Data Collection and Reporting—in each Annual Report from 2021–2025. These data will then be independently reported to the ACHP at five-year intervals from 2030–2055. Imitative substitute building materials lifecycle data collection and reporting is contingent on the duration of the Program Comment, and is subject to re-evaluated by the Army in consultation with the ACHP at each five-year reporting interval from 2030–2055. If the ACHP and the Army determine after 2030 that further reporting is not necessary, the requirement for such data collection and reporting will be waived in writing by the Chairman of the ACHP in accordance with Section 8.

7.0 Effect and Duration of the Program Comment

By adhering to the terms of this Program Comment, the Army meets its responsibilities for compliance with Section 106 of the NHPA for management actions associated with Inter-War Era housing, associated buildings and structures, and landscape features. The Program Comment will remain in effect for 35 years from the date of issuance unless, prior to that time, the Army determines that such comments are no longer needed and notifies the ACHP in writing, or the ACHP withdraws the Program Comment in accordance with 36 CFR 800.14(e)(6). Following such withdrawal, the Army will be required to comply with Section 106 through the process in 36 CFR 800.3–800.7, or an applicable program alternative under 36 CFR 800.14, for each individual undertaking formerly covered by this Program Comment. During the first six months of the 34th year after issuance of this Program Comment, the Army and the ACHP will meet to determine whether to consider an extension to its term.

8.0 Program Comment Amendment and Technical Adjustment

The ACHP membership may formally amend this Program Comment after consulting with the Army, and other parties as it deems appropriate. However:

a. The Chairman of the ACHP, after notice to the rest of the ACHP membership and the Army, may amend this Program Comment to extend its duration, and may waive further building materials lifecycle data collection and reporting requirements.

b. The Executive Director of the ACHP, after notice to the ACHP membership and the Army may amend this Program Comment to: Add or remove materials from the Building

Materials Catalog (after consulting with subject matter experts and ACHP members as the Executive Director deems appropriate); adjust due dates associated with annual reporting in Section 5, adjust due dates for treatment measures in Section 6; and to correct typographical errors.

The ACHP will notify the Army in writing regarding all amendments per 8.0.b., within 30 days of their issuance. The ACHP will publish notice in the **Federal Register** regarding all other amendments within 30 days after their issuance.

This notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended.
