Background Information: Since 1995, the U.S. Congress has appropriated over USD 720 million to ILAB for efforts to combat exploitive child labor internationally. This funding has been used to support technical cooperation projects to combat exploitive child labor, including the worst forms, in more than 80 countries around the world. Technical cooperation projects funded by USDOL range from targeted action programs in specific sectors of work to more comprehensive programs that support national efforts to eliminate the worst forms of child labor, as defined by International Labor Organization (ILO) Convention 182. Projects funded by USDOL to combat exploitive child labor internationally seek to:

1. Withdraw and prevent children from involvement in exploitive child labor through the provision of direct educational and training services;
2. Strengthen policies on child labor and education, the capacity of national institutions to combat child labor, and formal and transitional education systems that encourage working children and those at risk of working to attend school;
3. Raise awareness of the importance of education for all children and mobilize a wide array of actors to improve and expand education infrastructures;
4. Support research and the collection of reliable data on child labor; and
5. Ensure the long-term sustainability of these efforts.

Since 2001, USDOL-funded projects have withdrawn or prevented over 1 million children from exploitive child labor.

Signed at Washington, DC, this 6th day of April 2009.

Lisa Harvey,
Grant Officer.
