SUPPLEMENTARY INFORMATION: At the direction of President Biden, the Secretary of Defense ordered a 90-Day Independent Review Commission (IRC) on Sexual Assault in the Military. The IRC recommended the DoD establish "pulse survey" tool that would enable unit-level commanders to collect real-time climate data from Service members in their units between required administrations of the Defense Organizational Climate Survey (DEOCS), the command climate

assessment tool used by the DoD. A subsequent September 2021 memo from the Secretary of Defense directed the Under Secretary of Defense for Personnel and Readiness (USD(P&R)) to develop the survey tool to augment the DEOCS command climate assessment program required under Section 572 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2013. USD(P&R) developed the Defense Organizational Climate Pulse (DOCP) to meet this directive.

A DOCP provides DoD leaders in active duty and Reserve component DoD units and DoD civilian personnel organizations an annual opportunity to a means to assess concerns identified in the DEOCS. Also included in the DOCP population are active duty and Reserve component members of the Coast Guard and foreign national employees working for the DoD. The survey is web-based and is a census of the commander's unit. The survey includes core demographic questions and a pool of survey items that include topics related to (1) unit experiences, (2) ratings of leadership, and (3) personal experiences and/or behaviors.

Title; Associated Form; and OMB Number: Defense Organizational Climate Pulse (DOCP)—Version 1.0; OMB Control Number 0704-DOCP.

Needs and Uses: The DOCP is fielded in response to a September 2021 memo from Secretary of Defense directing the USD(P&R) to develop the survey pulse tool. The information gathered from the DOCP will be used by commanders, prevention workforce personnel, equal opportunity officers (EOAs), survey administrators, and other leaders to assess changes in the unit's command climate, gather additional information related to risk and protective factors measured on the DEOCS and/or other outcomes of interest (e.g., sexual assault, sexual harassment, racial/ethnic discrimination, suicide, readiness, retention, retaliation, and various forms of abuse). The DOCP requirements will be further codified in a forthcoming DoD Instruction, which specifies that unit commanders may field only one DOCP annually. Based on the DOCP results, commanders, leaders, and their survey administrators will refine the action plans developed after the administration of a DEOCS to positively impact their organization's leadership climate. The survey results are provided to the commander/leader and their survey administrator. Survey responses could also be used in future analyses.

Affected Public: Individuals.

Annual Burden Hours: 18,539.5.

Number of Respondents: 158,910.

Responses per Respondent: 1.

Annual Responses: 158,910.

Average Burden per Response: 7 minutes.

Frequency: On occasion.

Unit commanders and organizational leaders may choose to administer a DOCP, 90 days after their most recent DEOCS. The DEOCS is a required administration for unit commanders. In contrast, the DOCP is a voluntary data collection unit commanders may request. Based on historical administrative records on the frequency of unit commander requests for a second DEOCS in a 12 month period, we anticipate a small fraction of unit commanders requesting a DOCP. The DOCP will be a confidential data collection.

Dated: November 8, 2022.
