

fund brokerage from taking distribution efforts into account is designed to ensure that funds' selection of brokers to effect portfolio securities transactions is not influenced by considerations about the sale of fund shares.

Commission staff estimates that there are approximately 6,358 funds (for purposes of this estimate, registered open-end investment companies or series thereof) that have at least one share class subject to a rule 12b-1 plan and approximately 454 fund families with common boards of directors that have at least one fund with a 12b-1 plan. The Commission further estimates that the annual hour burden for complying with the rule is 425 hours for each fund family with a portfolio that has a rule 12b-1 plan. We therefore estimate that the total hourly burden per year for all funds to comply with current information collection requirements under rule 12b-1 is 192,950 hours. Commission staff estimates that approximately three funds per year prepare a proxy in connection with the adoption or material amendment of a rule 12b-1 plan. The staff further estimates that the cost of each fund's proxy is \$30,000. Thus, the total annual cost burden of rule 12b-1 to the fund industry is \$90,000.

Estimates of average burden hours and costs are made solely for purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even representative survey or study of the costs of Commission rules and forms. The collections of information required by rule 12b-1 are necessary to obtain the benefits of the rule. Notices to the Commission will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, C/O Cynthia Roscoe, 100 F Street NE, Washington, DC 20549; or send an email to: PRA_Mailbox@sec.gov.
