

subsequently issued its final determination that an industry in the United States was materially injured by reason of imports of sodium nitrite from Russia provided for in subheading 2834.10.10 of the HTSUS that have been found by Commerce to be sold in the United States at less than fair value (87 FR 66323, November 3, 2022).

Commerce issued final affirmative countervailing and antidumping duty determinations with respect to imports of sodium nitrite from India (88 FR 1042, January 6, 2023; and 88 FR 1052, January 6, 2023). Accordingly, the Commission currently is issuing a supplemental schedule for its countervailing and antidumping duty investigations on imports of sodium nitrite from India.

This supplemental schedule is as follows: the deadline for filing supplemental party comments on Commerce's final countervailing and antidumping duty determinations is Wednesday, January 18, 2023. Supplemental party comments may address only Commerce's final countervailing and antidumping duty determinations regarding imports of sodium nitrite from India. These supplemental final comments may not contain new factual information and may not exceed five (5) pages in length. The supplemental staff report in the final phase of the current investigations will be placed in the nonpublic record on Wednesday, February 1, 2023, and a public version will be issued thereafter.

For further information concerning these investigations see the Commission's notice cited above and the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Please note the Secretary's Office will accept only electronic filings during this time. Filings must be made through the Commission's Electronic Document

Information System (EDIS, <https://edis.usitc.gov>.) No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice.

Authority: These investigations are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.21 of the Commission's rules.

By order of the Commission.

Issued: January 13, 2023.

Jessica Mullan,

Acting Supervisory Attorney.

BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Second Amendment to Consent Decree Under the Resource Conservation and Recovery Act

On January 11, 2022, the Department of Justice lodged a proposed second amendment to a consent decree with the United States District Court for the Southern District of Texas in the lawsuit entitled *United States v. Formosa Plastics Corporation, Texas, et al.*, Civil Action No. 09-00061.

Under the original 2010 consent decree, Formosa Plastics Corporation, Texas, Formosa Hydrocarbons, Inc. (now Formosa Hydrocarbons Company, Inc.) (collectively "FPC TX"), and Formosa Plastics Corporation, Louisiana (collectively "Defendants") agreed to undertake numerous measures to come into compliance with various environmental statutes and regulations at their facilities in Point Comfort, Texas, and Baton Rouge, Louisiana. The Defendants still are in the process of complying with the 2010 Decree and the 2013 First Amendment to the Consent Decree. Under the 2010 consent decree, Defendant FPC TX is required to manage and dispose of its wastewater treatment system sludge as a listed hazardous waste under the Resource Conservation and Recovery Act, 42 U.S.C. 6901 *et seq.* ("RCRA"), because the company treats a RCRA listed hazardous waste (recovered groundwater from its contaminated groundwater treatment system) in its wastewater system. Under the proposed Second Amendment, FPC TX will cease treating the recovered groundwater onsite, and instead send the recovered wastewater offsite to a RCRA permitted hazardous waste treatment, storage, and disposal facility. Accordingly, the RCRA hazardous waste listing will no longer carry through to the wastewater sludge.

In doing so, FPC TX will eliminate the wastewater sludge hazardous waste stream. FPC TX also will clean the wastewater treatment system to eliminate hazardous waste residue.

The publication of this notice opens a period for public comment on the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Formosa Plastics Corporation, Texas, et al.*, D.J. Ref. No. 90-5-2-1-08995. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

By mail	Assistant Attorney General, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044-7611.

During the public comment period, the proposed second amendment may be examined and downloaded at this Justice Department website: <https://www.justice.gov/enrd/consent-decrees>.

We will provide a paper copy of the proposed amendments upon written request and payment of reproduction costs. Please mail your request and payment to: Consent Decree Library, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044-7611.

Please enclose a check or money order for \$ 2.25 (25 cents per page reproduction cost) payable to the United States Treasury.

Thomas Carroll,

Assistant Section Chief, Environmental Enforcement Section, Environment and Natural Resources Division.
