

authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend Class E airspace at Mountain Home Municipal Airport, Mountain Home, ID, to ensure the safety and management of Instrument Flight Rules (IFR) operations at the airport.

History

The FAA published a notice of proposed rulemaking in the **Federal Register** (85 FR 2328; January 15, 2020) for Docket No. FAA–2019–0972 to establish Class E airspace at Mountain Home Municipal Airport, Mountain Home, ID. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E5 airspace designations are published in paragraph 6005 of FAA Order 7400.11D, dated August 8, 2019, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019. FAA Order 7400.11D is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11D lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 establishes Class E airspace extending upward from 700 feet or more above the surface at Mountain Home Municipal Airport, Mountain Home, ID. The new airspace will support a new RNAV procedure as well as currently published IFR arrival and departure procedures for the airport.

The first area extends upward from 700 feet above the surface and, to the extent possible, will contain IFR departures until reaching 1,200 feet

above the surface and IFR arrivals descending below 1,500 feet above the surface. This airspace area is described as follows: That airspace extending upward from 700 feet above the surface within a 5.5-mile radius of the airport, and within 2 miles each side of the 300° bearing from the airport, extending from the 5.5-mile radius to 8 miles northwest of the Mountain Home Municipal Airport, excluding that airspace within Mountain Home Air Force Base's Class D and Class E2 surface areas.

The second area is designed to contain IFR aircraft transitioning to/from the en route environment. This area is described as follows: That airspace extending upward from 1,200 feet above the surface within a 20-mile radius of the Mountain Home Municipal Airport.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” paragraph 5–6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

ANM ID E5 Mountain Home, ID [New]

Mountain Home Municipal Airport, ID
(Lat. 43°07'54" N, long. 115°43'50" W)

That airspace extending upward from 700 feet above the surface within a 5.5-mile radius of the airport, and within 2 miles each side of the 300° bearing from the airport, extending from the 5.5-mile radius to 8 miles northwest of the airport, excluding that airspace within Mountain Home AFB's Class D and Class E2 airspace areas; and that airspace extending upward from 1,200 feet above the surface within a 20-mile radius of the Mountain Home Municipal Airport.

Issued in Seattle, Washington, on March 25, 2020.

14 CFR Part 71

[Docket No. FAA–2019–0887; Airspace Docket No. 19–ANM–32]

RIN 2120–AA66

Amendment of Class E Airspace; Bend, OR

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends the Class E airspace by adding a designated

surface area at Bend Municipal Airport, Bend, OR. This airspace area is designed to enhance safety at the airport by providing controlled airspace to the surface.

This action also establishes an airspace area designated as an extension to a Class D or Class E surface area. This area is designed to contain aircraft on instrument approaches when they descend below 1,000 feet above the surface.

Additionally, this action amends the airspace area extending upward from 700 feet or more above the surface. Amendments to this airspace area are designed to properly contain arriving and departing IFR aircraft.

DATES: Effective 0901 UTC, July 16, 2020. The Director of the Federal Register approves this incorporation by reference action under Title 1 Code of Federal Regulations part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.11D, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11D at NARA, email fedreg.legal@nara.gov or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

FOR FURTHER INFORMATION CONTACT: Matthew Van Der Wal, Federal Aviation Administration, Western Service Center, Operations Support Group, 2200 S 216th Street, Des Moines, WA 98198; telephone (206) 231-3695.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of

airspace. This regulation is within the scope of that authority as it would amend Class E airspace at Bend Municipal Airport, Bend, OR, to ensure the safety and management of Instrument Flight Rules (IFR) operations at the airport.

History

The FAA published a notice of proposed rulemaking in the **Federal Register** (85 FR 2327; January 15, 2020) for Docket No. FAA-2019-0887 to amend Class E airspace at Bend Municipal Airport, Bend, OR. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. Three comments were received.

One comment discussed the requirement for ATC to have a communications capability, to the runway, with aircraft that normally operate within the surface area. Seattle Air Route Traffic Control Center confirmed this capability in August of 2019.

Two comments in favor of the airspace amendments we submitted.

Class E2, E4, and E5 airspace designations are published in paragraph 6002, 6004 and 6005, respectively, of FAA Order 7400.11D, dated August 8, 2019, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019. FAA Order 7400.11D is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11D lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 amends Class E airspace by adding an area, designated as a surface area, at Bend Municipal Airport, Bend, OR. The area is described as follows: That airspace extending upward from the surface within a 3.9-mile radius of the airport excluding that airspace within 1 mile of a point in space located at latitude 44°02'51" N longitude 121°16'30" W.

This action also amends the Class E airspace by adding an area designated as an extension to a Class D or Class E

surface area. The area properly contains IFR arrivals descending below 1,000 feet above the surface of the earth and is described as follows: That airspace extending upward from the surface within 1 mile each side of the 167° bearing from the airport, extending from the 3.9-mile radius to 6.8 miles south of the Bend Municipal Airport.

Additionally, the action amends Class E airspace extending upward from 700 feet above the surface, to properly contain IFR aircraft on instrument approach when descending below 1,500 feet above the surface. The area also properly contains IFR departures until reaching 1,200 feet above the surface. The area is described as follows: That airspace extending upward from 700 feet above the surface to within a 6.4-mile radius of the airport and within 1.1 miles each side of the 167° bearing from the airport, extending from the 6.4-mile radius to 8.8 miles south of the airport, and within 3.8 miles each side of the 338° bearing from the airport, extending from the 6.8-mile radius to 8.4 miles north of the Bend Municipal Airport.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and

no extraordinary circumstances exist that warrant preparation of an environmental assessment.

[Release No. 33–10768; 34–88492; 39–2531; IC–33832]

Relief for Form ID Filers and Regulation Crowdfunding and Regulation A Issuers Related to Coronavirus Disease 2019 (COVID–19)

AGENCY: Securities and Exchange Commission.

ACTION: Temporary final rule.

SUMMARY: We are adopting temporary final rules for Form ID filers and for issuers subject to reporting obligations pursuant to Regulation Crowdfunding and Regulation A in order to address the needs of companies directly or indirectly affected by coronavirus disease 2019 (COVID–19). The temporary final rules provide temporary relief from the Form ID notarization process for certain filers and extend the filing deadlines for specified reports and forms due pursuant to Regulation Crowdfunding and Regulation A for certain issuers.

DATES: The amendment to 17 CFR 232.10 is effective from March 30, 2020 through September 30, 2020. The amendments to 17 CFR 227.202 and 17 CFR 230.257 are effective from March 30, 2020 through July 15, 2020.

FOR FURTHER INFORMATION CONTACT: Rosemary Filou, Chief Counsel and Acting Deputy Director of the EDGAR Business Office, at (202) 551–8900; or Charlie Guidry, Special Counsel, Office of Small Business Policy, Division of Corporation Finance, at (202) 551–3460; U.S. Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549–3628.

SUPPLEMENTARY INFORMATION: We are adopting amendments to 17 CFR 232.10 (“Rule 10”) of Regulation S–T,¹ 17 CFR 227.202 (“Rule 202”) of Regulation Crowdfunding² under the Securities Act of 1933 (the “Securities Act”),³ and

17 CFR 230.257 (“Rule 257”) of Regulation A⁴ as temporary final rules.

I. Introduction

The current outbreak of coronavirus disease 2019 (COVID–19) may present challenges to entities and their representatives in timely meeting certain of their obligations under the federal securities laws. In light of this, we are adopting these temporary final rules to address the needs of parties seeking to file a Form ID to gain access to the Commission’s Electronic Data Gathering, Analysis and Retrieval (EDGAR) system and companies directly or indirectly affected by COVID–19 that are subject to reporting obligations pursuant to Regulation Crowdfunding or Regulation A.

Section 36 of the Exchange Act of 1934⁵ (the “Exchange Act”) and Section 28 of the Securities Act⁶ provide the Commission with general exemptive authority to conditionally or unconditionally exempt any person, security, or transaction, or any class or classes of persons, securities, or transactions, from any provision or provisions of the Exchange Act and the Securities Act, respectively, or of any rule or regulation thereunder, to the extent that such exemption is necessary or appropriate in the public interest, and is consistent with the protection of investors.

Section 6(c) of the Investment Company Act of 1940⁷ (the “Investment Company Act”) provides that the Commission may conditionally or unconditionally exempt any person, security, or transaction, or any class or classes of persons, securities, or transactions, from any provision or provisions of the Investment Company Act, or any rule or regulation thereunder, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Investment Company Act. Section 304(d) of the Trust Indenture Act of 1939⁸ (the “Trust Indenture Act”) authorizes the Commission to adopt rules to exempt securities or transactions from the provisions of the Trust Indenture Act to the extent that “such exemption is necessary or appropriate in the public interest and consistent with the protection of
