Petitions for Exemption

Docket No.: FAA-2001-9490.

Petitioner: Alaska Airlines, Inc.

Section of 14 CFR Affected: 14 CFR 121.709(b)(3).

Description of Relief Sought: Alaska Airlines requests amendments to the conditions and limitations section of Exemption No. 6603. One amendment would rephrase "General Maintenance Manual" to read "General Procedures Manual". Another amendment would restate certain text in paragraph 4 of the conditions and limitations section to require medevac stretcher installation training for non-certificated employees instead of non-certificated personnel. Alaska Airlines also requests an amendment that would permit flight crewmembers to remove and reinstall access panels of the smoke barrier partition in Boeing 737-200 "combi" aircraft. This amendment is requested to facilitate loading and unloading of medevac stretchers at certain remote locations where an aircraft mechanic is not available.
