FOR FURTHER INFORMATION CONTACT: Dr. Nancy Foster Scholarship Program, Office of the Assistant Administrator, 13th Floor, National Ocean Service, 1305 East-West Highway, Silver Spring, MD 20910 (301–713–3074).

SUPPLEMENTARY INFORMATION:

Authority: The Dr. Nancy Foster Scholarship Program is authorized at 16 U.S.C. 1445c–1 to recognize outstanding scholarship in oceanography, marine biology, or maritime archaeology,

particularly by women and members of minority groups, and encourage independent graduate-level research through financial support of graduate studies in such fields.

Catalog of Federal Domestic Assistance: This program is listed under CFDA #11.460, titled Special Oceanic and Atmospheric Projects.

Program Description: The Dr. Nancy Foster Scholarship Program provides support for independent graduate-level studies in oceanography, marine biology, or maritime archaeology, particularly by women and members of minority groups. Gender and minority status is not considered when selecting award recipients. However, special outreach efforts are employed to solicit applications from women and minorities. Scholarship selections are based on financial need, academic excellence, recommendations, and research and career goals. The program is administered through NOAA's National Ocean Service and is funded annually with 1% of the amount appropriated each fiscal year to carry out the National Marine Sanctuaries Act.

Funding Availability: For the 2003–2004 academic year, Dr. Nancy Foster Scholarships may provide, subject to appropriations, support of up to \$32,000 per student: a 12-month stipend of \$20,000 in addition to a tuition allowance of up to \$12,000. A maximum of \$64,000 may be provided to masters students (up to two years of support) and up to \$128,000 may be provided to doctoral students (up to four years of support). For the 2003–2004 academic year, NOAA expects to award up to five scholarships.

The annual stipend will be paid directly to the scholar. The stipend is intended to defray cost-of-living expenses, and not to support research costs. NOAA anticipates the student and their faculty advisor will secure research funds independent of the scholarship. Tuition and academic fees will be negotiated between the academic institution and the Dr. Nancy Foster Scholarship program manager at NOAA prior to the receipt of funds. This negotiation is intended to leverage scholarship funds and enhance opportunities for scholarship recipients. In those instances in which tuition and academic fees are not totally waived by the academic institution, the tuition allowance in an amount equal to the tuition and fees not waived (but not to exceed \$12,000) will be paid directly to the scholar for remittance to the academic institution. If tuition and fees are reduced or waived by the academic institution, then that portion of the
