# Geological Survey [GX15EE000101100]

# Announcement of National Geospatial Advisory Committee Meeting

AGENCY: U.S. Geological Survey,

Interior.

**ACTION:** Notice of meeting.

**SUMMARY:** The National Geospatial Advisory Committee (NGAC) will meet on December 3, 2014, from 1:00 p.m. to 4:00 p.m. EST. The meeting will be held via web conference and teleconference.

The NGAC, which is composed of representatives from governmental, private sector, non-profit, and academic organizations, has been established to advise the Chair of the Federal Geographic Data Committee on management of Federal geospatial programs, the development of the National Spatial Data Infrastructure, and the implementation of Office of Management and Budget (OMB) Circular A–16. Topics to be addressed at the meeting include:

- -FGDC Update
- Address Data
- —Landsat Advisory Group
- —Geospatial Privacy
- -2015 NGAC Activities

Members of the public who wish to attend the meeting must register in advance. Please register by contacting Lucia Foulkes at the Federal Geographic Data Committee (703–648–4142, Ifoulkes@usgs.gov). Meeting registrations are due by November 28, 2014. Meeting information (web conference and teleconference instructions) will be provided to registrants prior to the meeting. While the meeting will be open to the public, attendance may be limited due to web conference and teleconference capacity.

The meeting will include an opportunity for public comment. Attendees wishing to provide public comment should register by November 28. Please register by contacting Lucia Foulkes at the Federal Geographic Data Committee (703–648–4142, Ifoulkes@usgs.gov). Comments may also be submitted to the NGAC in writing. DATES: The meeting will be held on December 3, 2014, from 1:00 p.m. to 4:00 p.m. EST.

**FOR FURTHER INFORMATION CONTACT:** John Mahoney, U.S. Geological Survey (206–220–4621).

**SUPPLEMENTARY INFORMATION:** Meetings of the National Geospatial Advisory Committee are open to the public. Additional information about the NGAC and the meeting are available at <a href="https://www.fgdc.gov/ngac">www.fgdc.gov/ngac</a>.

### Kenneth Shaffer,

Deputy Executive Director, Federal Geographic Data Committee.

[15X.LLID9570000. L14200000.BJ0000.241A. 4500074039]

## Idaho: Filing of Plats of Survey

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of filing of plats of surveys.

SUMMARY: The Bureau of Land Management (BLM) has officially filed the plats of survey of the lands described below in the BLM Idaho State Office, Boise, Idaho, effective 9:00 a.m., on the dates specified.

## FOR FURTHER INFORMATION CONTACT:

Bureau of Land Management, 1387 South Vinnell Way, Boise, Idaho 83709– 1657.

**SUPPLEMENTARY INFORMATION:** These surveys were executed at the request of the Bureau of Land Management to meet their administrative needs. The lands surveyed are:

The field notes representing the remonumentation of certain original corners and monumentation of certain angle points of the Little Jacks Creek Wilderness boundary in T. 8 S., R. 1 E., Boise Meridian, Idaho, Group Number 1317, was approved July 25, 2014.

The field notes representing the remonumentation of certain original corners and monumentation of certain angle points of the Little Jacks Creek Wilderness boundary and Big Jacks

Creek Wilderness Area 1 boundary in T. 8 S., R. 3 E., Boise Meridian, Idaho, Group Number 1317, was approved July 25, 2014.

The field notes representing the remonumentation of certain original corners and monumentation of certain angle points of the Big Jacks Creek Wilderness Area 1 boundary in T. 8 S., R. 4 E., Boise Meridian, Idaho, Group Number 1317, was approved July 25, 2014.

The field notes representing the remonumentation of certain original corners and monumentation of certain angle points of the Little Jacks Creek Wilderness boundary in T. 9 S., R. 2 E., Boise Meridian, Idaho, Group Number 1317, was approved July 25, 2014.

The field notes representing the remonumentation of certain original corners and monumentation of certain angle points of the Little Jacks Creek Wilderness boundary and Big Jacks Creek Wilderness Area 1 boundary in T. 9 S., R. 3 E., Boise Meridian, Idaho, Group Number 1317, was approved July 25, 2014.

The field notes representing the remonumentation of certain original corners and monumentation of certain angle points of the Big Jacks Creek Wilderness Area 1 boundary in T. 9 S., R. 4 E., Boise Meridian, Idaho, Group Number 1317, was approved July 25, 2014.

The field notes representing the remonumentation of certain original corners and monumentation of certain angle points of the Big Jacks Creek Wilderness Area 1 boundary in T. 10 S., R. 2 E., Boise Meridian, Idaho, Group Number 1317, was approved July 25, 2014.

The field notes representing the remonumentation of certain original corners and monumentation of certain angle points of the Big Jacks Creek Wilderness Area 1 boundary in T. 10 S., R. 3 E., Boise Meridian, Idaho, Group Number 1317, was approved July 25, 2014.

The plat constituting the entire survey record of the dependent resurvey of a portion of the west boundary, T. 10 S., R. 3 E., Boise Meridian, Idaho, Group Number 1317, was accepted July 25, 2014.

The field notes representing the remonumentation of certain original corners and monumentation of certain angle points of the Big Jacks Creek Wilderness Area 2 boundary in T. 11 S., R. 3 E., Boise Meridian, Idaho, Group Number 1317, was approved July 25, 2014.

The plat constituting the entire survey record of the dependent resurvey of portions of the east boundary and subdivisional lines, and the subdivision of sec. 24, T. 11 S., R. 3 E., Boise Meridian, Idaho, Group Number 1317, was accepted July 25, 2014.

The field notes representing the remonumentation of certain original corners and monumentation of certain angle points of the Big Jacks Creek Wilderness Area 2 boundary in T. 11 S., R. 4 E., Boise Meridian, Idaho, Group Number 1317, was approved July 25, 2014.

The supplemental plat showing new lots 1 and 2 in sec. 12, T. 8 N., R. 5 W., Boise Meridian, Idaho, Group Number 1424, was accepted September 5, 2014.

The supplemental plat portraying lot 7, T. 4 S., R. 36 E., Boise Meridian, Idaho, Group Number 1316, was accepted September 5, 2014.

These surveys were executed at the request of the U.S.D.A. Natural Resources Conservation Service to meet their administrative needs. The lands surveyed are:

The plat representing the dependent resurvey of portions of the First Standard Parallel North (north boundary) and subdivisional lines, and the subdivision of section 4, and a metes-and-bounds survey in section 4, T. 4 N., R. 24 E., of the Boise Meridian, Idaho, Group Number 1397, was accepted August 27, 2014.

The plat representing the dependent resurvey of portions of the north boundary and subdivisional lines, and the subdivision of sections 4, 9, 10, 13, 14, 15, and 23, T. 2 N., R. 24 E., of the Boise Meridian, Idaho, Group Number 1396, was accepted September 25, 2014.

The plat represents the dependent resurvey of portions of the First Standard Parallel North (south boundary), west boundary, and subdivisional lines, and the subdivision of sections 30 and 31, and a metes-and-bounds survey in sections 30 and 31, T. 5 N., R. 24 E., of the Boise Meridian, Idaho, Group Number 1398, was accepted September 25, 2014.

This survey was executed at the request of the U. S. Forest Service to meet certain administrative and management purposes.

The plat representing the dependent resurvey of a portion of Tract 39, and the survey of portions of the east boundary and subdivisional lines, T. 30 N., R. 7 E., of the Boise Meridian, Idaho, Group Number 1324, was accepted June 19, 2014.

Dated: October 30, 2014.

## Stanley G. French,

Cadastral Surveyor for Idaho.

## **DEPARTMENT OF THE INTERIOR**

## **National Park Service**

[NPS-PWR-PWRO-13760; PX.P0137227A.00.1]

Final Environmental Impact Statement for Cottonwood Cove and Katherine Landing Development Concept Plans, Lake Mead National Recreation Area, Arizona and Nevada

**AGENCY:** National Park Service, Interior. **ACTION:** Notice of availability.

**SUMMARY:** The National Park Service announces availability of the Final Environmental Impact Statement (EIS) for the Cottonwood Cove and Katherine Landing Development Concept Plans, Lake Mead National Recreation Area. The document describes and analyzes three alternatives. Alternative 1 (no action alternative) reflects current management direction and serves as a baseline for comparison with the other alternatives. Existing facilities would be retained with minimal changes. Alternative 2 Implement Previous Planning Proposals would implement previous planning proposals that separate day use and marina facilities, maintain the type of overnight facilities, and provide flood mitigation. Alternative 3 Enhance Visitor Experience and Park Operations (agency-preferred alternative) would enhance day-use opportunities, upgrade and expand the type of overnight facilities, and provide flood mitigation. The Final EIS also analyzes the potential environmental impacts of the alternatives, including: Potential impacts to native plant communities and soils; wildlife; threatened, endangered, and special status species; floodplains; archeological resources; historic structures; cultural landscape; ethnographic resources; visitor use, experience, and safety; park operations; and socioeconomic environment.

DATES: The Record of Decision for the Cottonwood Cove and Katherine Landing Development Concept Plans will be executed not sooner than 30 days after the date of publication by the Environmental Protection Agency of its notice of filing of the Final EIS in the Federal Register.

ADDRESSES: The Final EIS is available for public inspection at http://parkplanning.nps.gov.lake, and in the office of the Superintendent, Lake Mead National Recreation Area, 601 Nevada Way, Boulder City, NV 89005, (702) 293–8920.

**FOR FURTHER INFORMATION CONTACT:** Mr. Jim Holland, Park Planner, Lake Mead

National Recreation Area, 601 Nevada Highway, Boulder City, NV 89005, (702) 293–8986.

SUPPLEMENTARY INFORMATION: The purposes of the development concept plans are to reevaluate the implementation strategies for these two areas that were identified in the 1986 Lake Mead National Recreation Area General Management Plan/Development Concept Plans/Final Environmental Impact Statement (GMP), and to incorporate the concepts and carrying capacities that were approved in the 2003 Lake Mead National Recreation Area Lake Management Plan/Final Environmental Impact Statement (LMP). Each development concept plan provides an integrated plan for development with site-specific guidance for the extent, type, and location of facilities and services that is consistent with the management direction and intent established in the GMP and the LMP.

The GMP addressed the need to provide recreational opportunities while preserving and protecting natural and cultural resources. It established landbased management zones and included development concept plans for Cottonwood Cove and Katherine Landing that identified limits on the development, established the number and type of facilities, and addressed flood hazards. The GMP's vision for both areas was to accommodate increasing use, enhance the visitor experience, and mitigate flood hazards. The LMP established water-based management zones and provided further guidance for the long-term protection of park resources while allowing a range of recreational opportunities to support visitor needs. A number of the management actions identified in both approved plans require more sitespecific development planning. There are also a number of management issues that have not been adequately addressed or resolved in the previous planning efforts and that require a more detailed examination of development and operational needs. The primary issues addressed in the Final EIS are as follows: (1) Water quality and flood control; (2) air quality; (3) socioeconomics guiding policies, regulations, and laws; and (4) Park operations methodologies and assumptions.

Decision Process: Not sooner than 30 days after the publication of the Environmental Protection Agency's notice of filing of the Final EIS in the Federal Register, a Record of Decision will be executed. As a delegated EIS, the official responsible for approval of the
