The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. *Description of Request:* The licensee requests a temporary variance of the minimum flow requirements in the Rapid River below the Middle Dam development due to drought conditions. License Article 402, in part, requires the licensee to release a minimum flow of 472 cubic feet per second (cfs) from September 16 through the start of the spring refill of Richardson Lake. The licensee explains that due to ongoing drought conditions, it is concerned that there might not be enough water storage to sustain brook trout through their fall spawning season under the current license-required minimum flows. Therefore, in order to conserve as much water as possible, the licensee is requesting Commission approval to reduce the minimum flow below Middle Dam to 310 cfs until April 23, 2022, at which time a minimum flow of 472 cfs would be released in accordance with its license requirements. Should the 2022 spring refill of Richardson Lake start, or have already started by April 23, 2022, then the licensee would instead release a minimum flow of 382 cfs as required by license Article 402.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene:* Anyone may submit

comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214, respectively. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding.
