SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68852; File No. SR-NSX-2013-05]

Self-Regulatory Organizations; National Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 11.20B To Extend the Pilot Program Regarding Trading Pauses in Individual Securities Due to Extraordinary Market Volatility

February 6, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 28, 2013, National Stock Exchange, Inc. ("NSX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend NSX Rule 11.20B, which provides for trading pauses in individual securities due to extraordinary market volatility, to extend the effective date of the pilot by which such rule operates from the current scheduled expiration date of February 4, 2013, until the earlier of the initial date of operations of the

Regulation NMS Plan to Address Extraordinary Market Volatility or February 4, 2014.

The text of the proposed rule change is available on the Exchange's Web site at <http://www.nsx.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend NSX Rule 11.20B, which provides for trading pauses in individual securities due to extraordinary market volatility, to extend the effective date of the pilot by which such rule operates from the current scheduled expiration date of February 4, 2013,³ until the earlier of the initial date of operations of the Regulation NMS Plan to Address Extraordinary Market Volatility or February 4, 2014. The pilot will continue to operate as to individual securities until such security is subject to the Regulation NMS Plan to Address Extraordinary Market Volatility.

NSX Rule 11.20B requires the Exchange to pause trading in an individual security listed on the Exchange if the price moves by a specified percentage as compared to prices of that security in the preceding five-minute period during a trading day. The pilot was developed and implemented as a market-wide initiative by the Exchange and other national securities exchanges in consultation with the Commission staff and is currently applicable to all NMS stocks and specified exchange-traded products.⁴

³ See Securities Exchange Act Release No. 67556 (August 1, 2012), 77 FR 47156 (August 7, 2012) (SR-NYSE-2012-31).

⁴ The Exchange notes that the other national securities exchanges and the Financial Industry

¹³ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

¹⁴ 17 CFR 200.30-3(a)(12).

¹⁵ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

The extension proposed herein would allow the pilot to continue to operate without interruption until implementation of the Regulation NMS Plan to Address Extraordinary Market Volatility.⁵ The Exchange anticipates that the Regulation NMS Plan to Address Extraordinary Market Volatility will not begin initial operations on February 4, 2013 as currently planned, but will be delayed. If the Regulation NMS Plan to Address Extraordinary Market Volatility has an initial date of operations before February 4, 2014, the proposed pilot for trading pauses would expire at that time.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6 of the Act,⁶ and the rules and regulations thereunder and, in particular, the requirements of Section 6(b) of the Act.⁷ Specifically, the Exchange believes the proposed rule change furthers the objective of Section

6(b)(5) of the Act⁸ in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that the change proposed herein meets these requirements in that it promotes uniformity across markets concerning decisions to pause trading in a security when there are significant price movements, which promotes just and equitable principles of trade and removes impediments to, and perfects the mechanism of, a free and open market and a national market system. Additionally, extension of the pilot until the earlier of the initial date of operations of the Regulation NMS Plan to Address Extraordinary Market Volatility or February 4, 2014 would allow the pilot to continue to operate without interruption while the Exchange and the Commission further assess the effect of the pilot on the marketplace or whether other initiatives should be adopted in lieu of the current pilot, which contributes to the protection of investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed changes are being made to extend the operation of the trading pause pilot until the earlier of the initial date of operations of the Regulation NMS Plan to Address Extraordinary Market Volatility or February 4, 2014 and would allow the pilot to continue to operate without interruption until implementation of the Regulation NMS Plan to Address Extraordinary Market Volatility, which contributes to the protection of investors and the public interest. Other competing equity exchanges are subject to the same trading pause requirements specified in the Plan. Thus, the proposed changes will not impose any burden on competition while providing trading pause requirements specified in the Plan.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁹ and Rule 19b-(f)(6) thereunder.¹⁰ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-(f)(6)(iii) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)¹¹ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹² the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver would allow the pilot program to continue uninterrupted. Accordingly, the Commission hereby grants the Exchange's request and designates the proposal operative upon filing.¹³

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may

Regulatory Authority have adopted the pilot in substantially similar form. See Securities Exchange Act Release No. 62252 (June 10, 2010), 75 FR 34186 (June 16, 2010) (File Nos. SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68848; File No. SR-NYSEARCA-2013-09]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Proposing To Amend the NYSE Arca Equities Schedule of Fees and Charges for Exchange Services

February 6, 2013.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 (the "Act") ² and Rule 19b-4 thereunder, ³ notice is hereby given that, on January 29, 2013, NYSE Arca, Inc. (the "Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the NYSE Arca Equities Schedule of Fees and Charges for Exchange Services ("Fee Schedule") to (i) eliminate the Tape B Step Up Tier and (ii) modify the rebate for Mid-Point Passive Liquidity ("MPL") Orders that provide liquidity in Tape C Securities. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of,

and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule to (i) eliminate the Tape B Step Up Tier and (ii) modify the rebate for MPL Orders that provide liquidity in Tape C Securities. The Exchange proposes to implement the fee changes on February 1, 2013.

The Tape B Step Up Tier currently provides for a \$0.0026 per share fee for orders of qualifying ETP Holders that take liquidity from the Book in Tape B Securities. The Exchange has determined to eliminate the Tape B Step Up Tier because it generally has not incentivized ETP Holders to submit additional liquidity in Tape B Securities as intended.⁴

Currently, under Tier 1,⁵ Tier 2,⁶ and the Basic Rates ⁷ of the Fee Schedule, the Exchange offers a \$0.0015 credit per share for MPL Orders ⁸ that provide

⁴ See Securities Exchange Act Release No. 66568 (March 9, 2012), 77 FR 15819, 15822 (March 16, 2012) (SR-NYSEArca-2012-17).

⁵ Tier 1 rates are available to ETP Holders and Market Makers that provide liquidity an average daily share volume per month of 0.70% or more of the US consolidated average daily volume ("CADV") or (2) that (a) provide liquidity an average daily share volume per month of 0.15% or more of the US CADV and (b) are affiliated with an OTP Holder or OTP Firm that provides an ADV of electronic posted executions (including all account types) in Penny Pilot issues on NYSE Arca Options of at least 100,000 contracts, of which at least 25,000 contracts must be for the account of a market maker.

⁶ Tier 2 rates are available to ETP Holders and Market Makers that provide liquidity an average daily share volume per month of 0.30% or more, but less than 0.70% of the US CADV.

⁷ Basic Rates are applicable when tier rates do not apply. The Exchange notes that the Active Tape C Securities are erroneously referred to as the "Most Active Tape C Securities" in the Basic Rate section of the Fee Schedule. See SR-NYSEArca-2012-104, Exhibit 5, at 26, available at <http://www.sec.gov/rules/sro/nysearca/2012/34-67986-ex5.pdf>. The changes proposed herein will remove the erroneous reference.

⁸ See Rules 7.31(h)(4) and (5). MPL Orders allow for additional opportunities for passive interaction with trading interest on the Exchange and are designed to offer potential price improvement to incoming marketable orders submitted to the Exchange. See Securities Exchange Act Release No. 67986 (October 4, 2012), 77 FR 61803 (October 11, 2012) (SR-NYSEArca-2012-104) ("2012 Release").
