Title Associated With Form, and OMB Number: Statement of Personal Injury—Possible Third Party Liability, TRICARE Management Activity; DD Form 2527; OMB Number 0720-0003.

Needs and Uses: This information collection is completed by CHAMPUS beneficiaries suffering from personal injuries and receiving medical care at Government expense. The information is necessary in the assertion of the Government's right to recovery under the Federal Medical Care Recovery Act.

The data is used in the evaluation and processing of these claims.

Affected Public: Individuals or households; Federal government.
Annual Burden Hours: 33,250.
Number of Respondents: 133,000.
Responses per Respondent: 1.
Average Burden per Response: 20 minutes.

Frequency: On occasion, only when a beneficiary is injured under circumstances creating possible liability in a third party.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

The Federal Medical Recovery Act, 42 U.S.C. 2651-2653 as implemented by Executive Order No. 11060 and 28 CFR part 43 provides for recovery of the reasonable value of medical care provided by the United States to a person who is injured or suffers a disease under circumstances creating tort liability in some third person. DD Form 2527 is required for investigating and asserting claims in favor of the United States arising out of such incidents.

When a claim for CHAMPUS benefits is identified as involving possible third party liability and the information is not submitted with the claim, the TRICARE/CHAMPUS contractor requests that the injured party (or a designee) complete DD Form 2527. To protect the interests of the Government, the contractor suspends claims processing until the requested third party liability information is received. The contractor conducts a preliminary evaluation based upon the collection of information and refers the case to a designated appropriate legal officer of the Uniformed Services. The responsible Uniformed Services legal officer uses the information as a basis for asserting and settling the Government's claim. When appropriate, the information is forwarded to the Department of Justice as the basis for litigation.

Section 1 of the Form is used to collect general information, such as name, address and telephone numbers about the military sponsor and the injured beneficiary and the date, time and location where the injured occurred.

Section 2 of the Form is used to collect information about accidental injuries. Most of the investigations for third party liability involve motor vehicle accidents. Information about insurance coverage for the parties involved in the accident is collected. Section 2 of the Form is also used to collect information about accidents that do not involve motor vehicles. Information such as the type of

accident, the place where the injury occurred, the name of the property owner where the injury occurred and cause of the injury is collected. The name and address of the employer is collected when the injury was work related.

Section 3 of the Form is used for miscellaneous information such as possible medical treatment at a Government hospital, the name and address of the beneficiary's attorney, and information regarding any possible releases or settlements with another party to the accident. It also contains the certification, date and signature of the beneficiary (or a designee).

Dated: April 3, 2007.

Title Associated With Form, and OMB Number: TRICARE Retiree Dental Program Enrollment Form, OM Number 0720-0015.

Needs and Uses: This information collection is completed by Uniformed Services members entitled to retired pay and their eligible family members who are seeking enrollment in the TRICARE Retiree Dental Program (TRDP). The information is necessary to enable the DoD-contracted third party administrator of the program to identify the program's applicants, determine their eligibility for TRDP enrollment, establish the premium payment amount, and to verify by the applicant's signature that the applicant understands the benefits and rules of the program.

Affected Public: Individuals or household.

Annual Burden Hours: 17,833.

Number of Respondents: 71,332.

Responses per Respondent: 1.

Average Burden per Response: 15 minutes.

Frequency: Once, at time of initial application.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

The TRICARE Retiree Dental Program (32 CFR 199.22) was implemented in 1998 based on the authority of 10 U.S.C. 1076c. Dental coverage under the program is available on a voluntary basis to retirees of the Uniformed Services entitled to retired pay and their family members. The initial Notice of Proposed rule and proposed information

collection was published in the **Federal Register** (62 FR 34032) on June 24, 1997. No comments were received concerning the information collection requirements at that time.

The information collection requirements under this proposed extension are similar to those under the current collection. Information on the applicant, such as name, address, telephone numbers, retiree's social security numbers, is necessary for identification purposes, as is information on the family members to be enrolled. The form contains information on premium payment types of enrollments, and enrollment periods, and a certification statement for the applicant to sign and date. The primary change in the proposed extension of the information collection is the elimination of the requirement for information on the applicant's chosen premium payment methodology if the applicant is not entitled to retired pay (e.g., a surviving spouse). The third party administrator of the program has found it unnecessary to continue the collection of this information on the enrollment form.
