environmental assessment of the projects. RUS' environmental assessment of the projects will be available for review and comment for 30 days.

Should RUS determine, based on the environmental assessment of the project, that the impacts of the construction and operation of the projects will not have a significant environmental impact, it will prepare a finding of no significant impact. Public notification of a finding of no significant impact will be published in the **Federal Register** and in newspapers with a circulation in the areas where the projects are proposed to be located.
