

4. *Other additional indicators of performance:*

We are interested in suggestions for other indicators to measure successful SCSEP performance.

In particular, should the current performance measure of SCSEP Placement Rate be used, changed or not used as an additional indicator of performance? (The SCSEP Placement Rate compares the number of participants placed into unsubsidized employment, with at least 30 days of employment within the first 90 days of exit from the SCSEP program, to the number of funded positions; the entered employment common measure does not include the 30 day employment requirement.)

5. *Performance outcomes:*

How should DOL determine whether a grantee fails, meets or exceeds expected levels of performance?

6. *Other comments:*

DOL welcomes comments and suggestions on any other aspects of implementing the new performance measures.

Signed at Washington, DC, this 2nd day of February, 2007.

Emily Stover DeRocco,

Assistant Secretary.
