Part 61 of the Commission's Rules, 47 CFR part 61, establishes the procedures for filing

tariffs which contain the charges, practices and regulations of the common carriers, supporting economic data and other related documents. The supporting data must also conform to other parts of the Commission Rules such as Parts 36 and 69, 47 CFR parts 36 and 69. Part 61 also prescribes the framework for the initial establishment of and subsequent revisions to tariffs. Tariffs that do not conform to part 61 may be required to post their schedules or rates and regulations, as required by 47 CFR 61.72. The information collected through a carrier's tariff is used by the Commission to determine whether services offered are just and reasonable as the Act requires. Tariffs and any other supporting documentation are examined in order to determine if the services are offered in a just and reasonable manner.

On August 31, 2007, the Commission released the section 272(f)(1) *Sunset Order*, which found the BOCs to be nondominant in the provision of in-region, interstate and international, long distances services, whether they provide these services directly or through affiliates that are neither section 272 nor rule 64.1903 affiliates. *Sunset Order*, 22 FCC Rcd 16440 (2007). Accordingly, AT&T, Verizon and Qwest are now barred from filing tariffs for in-region, interstate and international, long distance services pursuant to section 203 of the Act and sections 61.31–61.38 and 61.43 of the Commission's Rules, 47 CFR 61.31–61.38 and 61.43.
