

petitioner submitted comments requesting that Commerce review the CBP data and confirm that all wind towers potentially imported into the United States from China were properly reported to CBP.⁵

In response to the petitioner's comments, on June 15, 2023, we again placed on the record CBP data for wind towers from China during the POR, showing no reviewable POR entries and invited interested parties to comment.⁶ On June 23, 2023, the petitioner submitted comments requesting that Commerce coordinate with CBP to confirm whether wind towers initially shipped into the United States from China were subsequently shipped to Canada, or whether such shipments were reexported into the United States.⁷ On September 5, 2023, Commerce addressed the petitioner's comments and indicated that it would refer the information gathered in this review to CBP.⁸

On October 30, 2023, Commerce extended the deadline for the preliminary results of this review until February 28, 2024.⁹ Additionally, on December 8, 2023, Commerce notified all interested parties of its intent to rescind the instant review in whole because there were no reviewable, suspended entries of subject merchandise by any of the companies subject to this review during the POR and invited interested parties to comment.¹⁰ No interested party submitted comments to Commerce.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of an antidumping duty order when there are no reviewable entries of subject merchandise during the POR for which liquidation is suspended.¹¹ Normally, upon completion of an administrative

review, the suspended entries are liquidated at the antidumping duty assessment rate calculated for the review period.¹² Therefore, for an administrative review to be conducted, there must be at least one reviewable, suspended entry that Commerce can instruct CBP to liquidate at the antidumping duty assessment rate calculated for the review period.¹³ As noted above, there were no entries of subject merchandise for any of the companies subject to this review during the POR. Accordingly, in the absence of suspended entries of subject merchandise during the POR, we are hereby rescinding this administrative review, in its entirety, in accordance with 19 CFR 351.213(d)(3).

Assessment

Commerce will instruct CBP to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of this rescission notice in the **Federal Register**.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

An incidental take authorization shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth.

NMFS has defined "negligible impact" in 50 CFR 216.103 as an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival. The MMPA states that the term "take" means to harass, hunt, capture, kill or attempt to harass, hunt, capture, or kill any marine mammal.

Except with respect to certain activities not pertinent here, the MMPA defines "harassment" as: any act of pursuit, torment, or annoyance, which (i) has the potential to injure a marine mammal or marine mammal stock in the wild (Level A harassment); or (ii) has the potential to disturb a marine mammal or marine mammal stock in the wild by causing disruption of behavioral patterns, including, but not limited to,
