BILLING CODE 6712-01-P

FEDERAL MEDIATION AND CONCILIATION SERVICE

Labor-Management Cooperation Program; Application Solicitation

AGENCY: Federal Mediation and Conciliation Service.

ACTION: Request for public comment on draft Fiscal Year 2003 program Guidelines/Application Solicitation for Labor-Management Committees.

SUMMARY: The Federal Mediation and Conciliation Service (FMCS) is publishing the draft Fiscal Year 2003 Program Guidelines/Application Solicitation for the Labor-Management Cooperation Program to inform the public. The program is supported by Federal funds authorized by the Labor-Management Cooperation Act of 1978, subject to annual appropriations. This Solicitation contains changes in the allocation of all grant funds returned to FMCS.

DATES: Comments must be submitted before February 26, 2003.

ADDRESSES: Send comments to: Jane A. Lorber, Director, Labor Management Grants Program, FMCS, 2100 K Street, NW., Washington, DC 20427.

FOR FURTHER INFORMATION CONTACT: Jane A. Lorber, 202-606-8181.

Labor-Management Cooperation Program Application Solicitation for Labor-Management Committees FY2003

I. Introduction

The following is the draft solicitation for the Fiscal Year (FY) 2003 cycle of the Labor-Management Cooperation Program as it pertains to the support of labor-management committees. These guidelines represent the continuing efforts of the Federal Mediation and Conciliation Service to implement the provisions of the Labor-Management Cooperation Act of 1978, which was initially implemented in FY81. The Act authorizes FMCS to provide assistance in the establishment and operation of

company/plant, area, public sector, and industry-wide labor-management committees which:

A. Have been organized jointly by employers and labor organizations representing employees in that company/plant, area, government agency, or industry; and

B. Are established for the purpose of improving labor-management relationships, job security, and organizational effectiveness; enhancing economic development; or involving workers in decisions affecting their working lives, including improving communication with respect to subjects of mutual interest and concern.

The Program Description and other sections that follow, as well as a separately published FMCS Financial and Administrative Grants Manual, make up the basic guidelines, criteria, and program elements a potential applicant for assistance under this program must know in order to develop an application for funding consideration for either a company/plant, area-wide industry, or public sector labor-management committee. Directions for obtaining an application kit may be found in Section H. A copy of the Labor-Management Cooperation Act of 1978, included in the application kit, should be reviewed in conjunction with this solicitation.

II. Program Description

Objectives

The Labor-Management Cooperation Act of 1978 identifies the following seven general areas for which financial assistance would be appropriate to:

A. Improve communication between representatives of labor and management;

B. Provide workers and employers with opportunities to study and explore new and innovative joint approaches to achieving organizational effectiveness;

C. Assist workers and employers in solving problems of mutual concern not susceptible to resolution within the collective bargaining process;

D. Study and explore ways of eliminating potential problems which reduce the competitiveness and inhibit the economic development of the company/plant, area, or industry;

E. Enhance the involvement of workers in making decisions that affect their working lives;

F. Expand and improve working relationships between workers and managers; and

G. Encourage free collective bargaining by establishing continuing mechanisms for communication between employers and their employees

through Federal assistance in the formation and operation of labor-management committees. The primary objective of this program is to encourage and support the establishment and operation of joint labor-management committees to carry out specific objectives that meet the fore mentioned general criteria. The term "labor" refers to employees represented by a labor organization and covered by a formal collective bargaining agreement. These committees may be found at the plant (company), area, industry, or public sector levels.

A plant or company committee is generally characterized as restricted to one or more organizational or productive units operated by a single employer. An area committee is generally composed of multiple employers of diverse industries as well as multiple labor unions operating within and focusing upon a particular city, county, contiguous multi-county, or statewide jurisdiction. An industry committee generally consists of a collection of agencies or enterprises and related labor union(s) producing a common product or service in the private sector on a local, state, regional, or nationwide level. A public sector committee consists of government employees and managers in one or more units of a local or state government, managers and employees of public institutions of higher education, or of employees and managers of public elementary and secondary schools. Those employees must be covered by a formal collective bargaining agreement or other enforceable labor-management agreement. In deciding whether an application is for an area or industry committee, consideration should be given to the above definitions as well as to the focus of the committee.

In FY 2003, competition will be open to company/plant, area, private industry, and public sector committees. Special consideration will be given to committee applications involving innovative or unique efforts. All application budget requests should focus directly on supporting the committee. Applicants should avoid seeking funds for activities that are clearly available under other Federal programs (e.g., job training, mediation of contract disputes, etc.)

Required Program Elements

A. *Problem Statement*—The application should have numbered pages and discuss in detail what specific problem(s) face the company/plant, area, government, or industry and its workforce that will be addressed by the committee. Applicants must

document the problem(s) using as much relevant data as possible and discuss the full range of impacts these problem(s) could have or are having on the company/plant, government, area, or industry. An industrial or economic profile of the area and workforce might prove useful in explaining the problem(s). This section basically discusses *WHY* the effort is needed.

B. Results or Benefits Expected—By using specific goals and objectives, the application must discuss in detail *WHAT* the labor-management committee will accomplish during the life of the grant. Applications that promise to provide objectives *after* a grant is awarded will receive little or not credit in this area. While a goal of “improving communication between employers and employees” may suffice as one over-all goal of a project, the objectives must, whenever possible, be expressed in *specific* and *measurable* terms. Applicants should focus on the outcome, impacts or changes that the committee’s efforts will have. Existing committees should focus on *expansion* efforts/results expected from FMCS funding. The goals, objectives, and projected impacts will become the foundation for future monitoring and evaluation efforts of the grantee, as well as the FMCS grants program.

C. Approach — This section of the application specifies *HOW* the goals and objectives will be accomplished. At a minimum, the following elements must be included in all grant applications.

1. A discussion of the strategy the committee will employ to accomplish its goals and objectives;
2. A listing, by name and title, of all existing or proposed members of the labor-management committee. The application should also offer a rationale for the selection of the committee members (e.g., members represent 70% of the area or company/plant workforce).
3. A discussion of the number, type, and role of all committee staff persons. Include proposed position descriptions for all staff that will have to be hired as well as resumes for staff already on board; noting, that grant funds may not be used to pay for existing employees.
4. In addressing the proposed approach, applicants must also present their justification as to why Federal funds are needed to implement the proposed approach;
5. A statement of how often the committee will meet (we require meetings at least every other month) as well as any plans to form subordinate committees for particular purposes; and
6. For applications from existing committees, a discussion of past efforts

and accomplishments and how they would integrate with the proposed expanded effort.

D. Major Milestones—This section must include an implementation plan that indicates what major steps, operating activities, and objectives will be accomplished as well as a timetable for *WHEN* they will be finished. A milestone chart must be included that indicates what specific accomplishments (process and impact) will be completed by month over the life of the grant using October 1, 2003, as the start date. The accomplishment of these tasks and objectives, as well as problems and delays therein, will serve as the basis for quarterly progress reports to FMCS.

E. Evaluation—Applicants must provide for either an external evaluation or an internal assessment of the project’s success in meeting its goals and objectives. An evaluation plan must be developed which briefly discusses what basic questions or issues the assessment will examine and what baseline data the committee staff already has or will gather for the assessment. This section should be written with the application’s own goals and objectives clearly in mind and the impacts or changes that the effort is expected to cause.

F. Letters of Commitment—Applications must include current letters of commitment from *all* proposed or existing committee participants and chairpersons. These letters should indicate that the participants support the application and will attend scheduled committee meetings. A blanket letter signed by a committee chairperson or other official on behalf of all members is not acceptable. We encourage the use of individual letters submitted on company or union letterhead represented by the individual. The letters should match the names provided under Section C.2 of the Required Program Elements section above.

G. Other Requirements—Applicants are also responsible for the following:

1. The submission of data indicating approximately how many employees will be covered or represented through the labor-management committee;
2. From existing committees, a copy of the existing staffing levels, a copy of the by-laws (if any), a breakout of annual operating costs and identification of all sources and levels of current financial support;
3. A detailed budget narrative based on policies and procedures contained in the FMCS Financial and Administrative Grants Manual;
4. An assurance that the labor-management committee will not

interfere with any collective bargaining agreements; and

5. An assurance that committee meetings will be held at least every other month and that written minutes of all committee meetings will be prepared and made available to FMCS.

Selection Criteria

The following criteria will be used in the scoring and selection of applications for award:

A. The extent to which the application has clearly identified the problems and justified the needs that the proposed project will address.

B. The degree to which appropriate and *measurable* goals and objectives has been developed to address the problems/needs of the applicant.

C. The feasibility of the approach proposed to attain the goals and objectives of the project and the perceived likelihood of accomplishing the intended project results.

This section will also address the degree of innovativeness or uniqueness of the proposed effort.

D. The appropriateness of committee membership and the degree of commitment of these individuals to the goals of the application as indicated in the letters of support.

E. The feasibility and thoroughness of the implementation plan in specifying major milestones and target dates.

F. The cost effectiveness and fiscal soundness of the application’s budget request, as well as the application’s feasibility vis-à-vis its goals and approach.

G. The overall feasibility of the proposed project in light of all of the information presented for consideration.

H. The value to the government of the application in light of the overall objectives of the Labor-Management Cooperation Act of 1978. This includes such factors as innovativeness, site location, cost, and other qualities that impact upon an applicant’s value in encouraging the labor-management committee concept.

III. Eligibility

Eligible grantees include state and local units of government, labor-management committees (or a labor union, management association, or company on behalf of a committee that will be created through the grant), and certain third-party non-profit entities on behalf of one or more committees to be created through the grant. Federal government agencies and their employees are not eligible.

Third-party private, non-profit entities that can document that a major purpose or function of their

organization is the improvement of labor relations are eligible to apply. However, all funding must be directed to the functioning of the labor-management committee, and all requirements under Part B must be followed. Applications from third-party entities must document particularly strong support and participation from all labor and management parties with whom the applicant will be working. Applications from third parties, which do not directly support the operation of a new or expanded committee, will not be deemed eligible, nor will the applications signed by entities such as law firms or other third parties failing to meet the above criteria.

OMB Circular 110 will bind successful grantees, *i.e.* individuals "that develop or draft specifications, requirements, statements of work, invitations for bids and/or requests for proposals shall be *excluded* (emphasis added) from competing for such procurements."

Applicants who received funding under this program in the past for committee operations are not eligible to re-apply. An exception may be made for grantees that seek funds on behalf of entirely different committee members whose efforts are totally outside of the scope of the original grant.

IV. Allocations

The FY2003 appropriation for this program anticipated to be \$1.5 million, of which at least \$1,000,000 available competitively for new applicants. Specific funding levels will not be established for each type of committee. The review process will be conducted in such a manner that at least two awards will be made in each category (company/plant, industry, public sector, and area), provided that FMCS determines that at least two outstanding applications exist in each category. After these applications are selected for award, the remaining applications will be considered according to merit without regard to category.

In addition to the competitive process identified in the preceding paragraph, FMCS will set aside a sum not to exceed thirty percent of its non-reserved appropriation to be awarded on a non-competitive basis. These funds will be used only to support applications that have been solicited by the Director of the Service and are not subject to the dollar range noted in Section E. All funds returned to FMCS from a competitive grant award may be awarded on a non-competitive basis in accordance with budgetary requirements.

FMCS reserves the right to retain up to five percent of the FY2003 appropriation to contract for program support purposes (such as evaluation) other than administration.

V. Dollar Range and Length of Grants

Awards to expand existing or establish new labor-management committees will be for a period of up to 18 months. If successful progress is made during this initial budget period and all grant funds are not obligated within the specified period, these grants may be extended for up to six months. Continuation awards may be made.

The dollar range of awards is as follows:

- Up to \$65,000 over a period of up to 18 months for company/plant committees or single department public sector applicants;
- Up to \$125,000 per 18-month period for area, industry, and multi-department public sector committee applicants.

Applicants are reminded that these figures *represent maximum Federal funds only*. If total costs to accomplish the objectives of the application exceed the maximum allowable Federal funding level and its required grantee match, applicants may supplement these funds through voluntary contributions from other sources. Applicants are also strongly encouraged to consult with their local or regional FMCS field office to determine what kinds of training may be available at no cost before budgeting for such training in their applications. A list of our field leadership team and their phone numbers is included in the application kit.

VI. Cash Match Requirements and Costs

All applicants must provide at least 10 percent of the total allowable project costs in cash. matching funds may come from state or local government sources or private sector contributions, but may generally not include other Federal funds. Funds generated by grant-supported efforts are considered "project income," and may not be used for matching purposes.

It will be the policy of this program to reject all requests for indirect or overhead costs as well as "in-kind" match contributions. In addition, grant funds must not be used to supplant private or local/state government funds currently spent for committee purposes. Funding requests from existing committees should focus entirely on the costs associated with the expansion efforts. Also, under no circumstances may business or labor officials participating on a labor-management

committee be compensated out of grant funds for *time* spent at committee meetings or *time* spent in committee training sessions. Applicants generally will not be allowed to claim all or a portion of *existing* full-time staff as an expense or match contribution. For a more complete discussion of costs allowed, applicants are encouraged to consult the FY2003 FMCS Financial and Administrative Grants Manual, which will be included in the application kit.

VII. Application Submission and Review Process

The Application for Federal Assistance (SF-424) form must be signed by *both* a labor and management representative. In lieu of signing the SF-424 form representatives may type their name, title, and organization on plain bond paper with a signature line signed and dated, in accordance with block 18 of the SF-424 form. Applications must be postmarked no later than June 28, 2003. No applications or supplementary materials will be accepted after the deadline. It is the responsibility of the applicant to ensure that the U.S. Postal Service or other carrier correctly postmarks the application. An original application containing numbered pages, plus *three* copies, should be addressed to the Federal Mediation and Conciliation Service, Labor-Management Grants Program, 2100 K Street, NW., Washington, DC 20427. FMCS will not consider videotaped submissions or video attachments to submissions.

After the deadline has passed, all eligible applications will be reviewed and scored preliminarily by one or more Grant Review Boards. The Board(s) will recommend selected applications for rejection or further funding consideration. The Director, Labor-Management Grants Program, will finalize the scoring and selection process. The individual listed as contact person in Item 6 on the application form will generally be the only person with whom FMCS will communicate during the application review process. Please be sure that person is available between June and September of 2003.

All FY2003 grant applicants will be notified of results and all grant awards will be made before October 1, 2003. Director, Labor-Management Grants Program, will administratively reject applications submitted after the June 28 deadline date or those that fail to adhere to eligibility or the other major requirements.

VIII. Contact

Individuals wishing to apply for funding under this program should

contact the Federal Mediation and Conciliation Service as soon as possible to obtain an application kit. Please consult the FMCS Web site (<http://www.fmcs.gov>) to download forms and information.

These kits and additional information or clarification can be obtained free of charge by contacting the Federal Mediation and Conciliation Service, Labor-Management Grants Program, 2100 K Street, NW., Washington, DC 20427; or by calling 202-606-8181.

Dated: January 13, 2003.

John J. Toner,

Chief of Staff, Federal Mediation and Conciliation Service.

FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the

Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than February 20, 2003.

A. Federal Reserve Bank of Atlanta (Sue Costello, Vice President) 1000 Peachtree Street, N.E., Atlanta, Georgia 30303:

1. *Piedmont Bancshares, Inc.*, Atlanta, Georgia; to become a bank holding company by acquiring 100 percent of the voting shares of Piedmont Bank of Georgia, Atlanta, Georgia.

B. Federal Reserve Bank of Minneapolis (Richard M. Todd, Vice President and Community Affairs Officer) 90 Hennepin Avenue, Minneapolis, Minnesota 55480-0291:

1. *American Eagle Financial Corporation*, Albertville, Minnesota; to become a bank holding company by acquiring 100 percent of the voting shares of Riverview Community Bank, Otsego, Minnesota, a *de novo* bank.

Board of Governors of the Federal Reserve System, January 21, 2003.

Jennifer J. Johnson,

Secretary of the Board.
