

through self completed surveys. No automated data collection will be used. Responding is voluntary.

Description of respondents: Visitors to Glacier National Park who visit between July 1, 2009, and August 31, 2009.

Estimated average number of respondents: We will contact 550 individuals stratified by weekend and weekday periods and expect 495, or 90 percent, to agree to respond.

Estimated average number of responses: We expect to collect 495 completed surveys.

Estimated average time burden per respondent: 1 minute for non-respondents and 5 minutes for respondents.

Frequency of Response: 1 time per respondent.

Estimated total annual reporting burden: 50 hours per year.

Comments are invited on: (1) The practical utility of the information being gathered; (2) the accuracy of the burden hour estimate; (3) ways to enhance the quality, utility, and clarity of the information being collected; and (4) ways to minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: February 11, 2009.

Leonard E. Stowe,

NPS, Information Collection Clearance Officer.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-623]

In the Matter of Certain R-134a Coolant (Otherwise Known as 1,1,1,2-Tetrafluoroethane); Enforcement Proceeding; Order

The Commission instituted this investigation on December 31, 2007, based on a complaint filed by INEOS Fluor Holdings Ltd., INEOS Fluor Ltd., and INEOS Fluor Americas L.L.C. ("INEOS"). The complaint alleged violations of section 337 of the Tariff

Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain R-134a coolant (otherwise known as 1,1,1,2-tetrafluoroethane) by reason of infringement of various claims of United States Patent No. 5,744,658. Complainants subsequently added allegations of infringement with regard to United States Patent Nos. 5,382,722 and 5,559,276. The complaint named two respondents, Sinochem Modern Environmental Protection Chemicals (Xi'an) Co., Ltd. and Sinochem Ningbo Ltd. Two additional respondents were subsequently added: Sinochem Environmental Protection Chemicals (Taicang) Co., Ltd. and Sinochem (U.S.A.) Inc.

On August 18, 2008, respondents moved for partial termination of the investigation based on the entry of a consent order specific to respondents' "old" process. On August 20, 2008, the administrative law judge ("ALJ") issued an initial determination ("ID") granting the motion and terminating the investigation with respect to the "old" process. On September 11, 2008, the Commission issued notice of its decision not to review the ID and issued the subject consent order.

On December 12, 2008, INEOS filed a complaint, requesting that the Commission institute a formal enforcement proceeding under Commission Rule 210.75 to investigate an alleged violation of the consent order relating to the "old" process. The complaint named a single respondent, Sinochem Environmental Protection Chemicals (Taicang) Co. Ltd. ("Sinochem (Taicang)").

Having examined INEOS's complaint seeking a formal enforcement proceeding and having found that the complaint complies with the requirements for institution of formal enforcement proceedings in accordance with Commission Rule 210.75, the Commission has determined to institute a formal enforcement proceeding to determine whether Sinochem (Taicang) is in violation of the Commission's consent order in the above-captioned investigation, and what, if any, enforcement measures are appropriate.

Accordingly, the Commission hereby orders that:

1. Pursuant to Commission Rule 210.75(b), 19 CFR 210.75(b), a formal enforcement proceeding is instituted to determine whether Sinochem Environmental Protection Chemicals (Taicang) Co. Ltd. is in violation of the Commission's consent order issued in the above-captioned investigation, and
