

- Phase 1.1: After a New Standalone Commercial Facility is built, transfer commercial operations to the new facility. Acquire land to north, vacate existing stores, and demolish vacated facilities associated with commercial activities.

- Phase 1.2: Build new Non-Commercial Inspection area, Main Building, Public Facing/Trusted Traveler Building, and Family Unit/Unaccompanied Juvenile Processing Facility.

- Phase 2.1: Transfer all existing Non-Commercial Operations to new Non-Commercial Facilities. Transfer existing Historic Main Building to new Main Building. Demolish Non-Commercial Inspection Lanes and prepare existing port-owned Parking Lot for upgrades.

- Phase 2.2: Build additional Main Building Parking and Outbound Facilities. Upgrade Overflow Parking Lot as needed. Remodel, relocate, or demolish existing Historic Main Building and Garage.

- Phase 3.1: Transfer existing outbound operations to new Outbound Facilities. Demolish existing Outbound Lanes. If remodeled, occupy Historic Main Building and Garage.

- Phase 3.2: Improve existing outbound Pedestrian Walkway.

Alternatives Under Consideration

The EIS will consider two “action” alternatives and one “no action” alternative. Alternative 1 consists of building a new Standalone Commercial Facility for COVs and expanding and modernizing the existing RHC LPOE as a non-commercial facility for POVs and pedestrians, as described in the above Phases. Alternative 2 includes expanding and modernizing the existing RHC LPOE only and continuing to utilize the LPOE for both commercial and non-commercial functions. Sub-alternatives may be considered for each alternative with respect to the management of the historic structures located at the existing RHC LPOE.

The “no action” alternative assumes that GSA would not expand and modernize the RHC LPOE or construct a new commercial LPOE and that operations would continue under current conditions.

The EIS will address the potential environmental impacts of the proposed alternatives on environmental resources including aesthetics, air quality during construction and operation, geology and soils, hazards and hazardous materials, hydrology and water quality, cultural resources, biological resources, land use, noise during construction and operation, utilities, and traffic. The EIS will also address the socioeconomic

effects of the project as well as impacts on Environmental Justice populations.

Scoping Process

The views and comments of the public are necessary in helping to determine the scope and content of the environmental analysis. The scoping process will be accomplished through a public scoping meeting, direct mail correspondence to appropriate federal, state, and local agencies, and to private organizations and citizens who have previously expressed, or are known to have, an interest in the project.

A public scoping meeting will be announced in the local newspaper, the *Herald Review*. Agencies and the public are encouraged to provide written comments regarding the scope of the EIS. See information provided above for dates, addresses, and contact information.

Russell Larson,

*Director, Portfolio Management Division,
Pacific Rim Region, Public Buildings Service.*

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[CDC–2022–0066; Docket Number NIOSH–346]

Draft National Institute for Occupational Safety and Health (NIOSH) Healthcare Personal Protective Technology (PPT) Targets for 2020 to 2030; Extension of Comment Period

AGENCY: Agency: The Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Extension of public comment period.

SUMMARY: The National Institute for Occupational Safety and Health (NIOSH) in the Centers for Disease Control and Prevention (CDC), an Operating Division of the Department of Health and Human Services (HHS), announces the extension of the comment period to obtain public comment on draft personal protective technology (PPT) targets for 2020 to 2030.

DATES: The comment period is extended through August 31, 2022.

ADDRESSES: You may submit comments, identified by CDC–2022–0066 and

docket number NIOSH–346, by either of the following two methods:

- **Federal eRulemaking Portal:** <https://www.regulations.gov>. Follow the instructions for submitting comments.

- **Mail:** National Institute for Occupational Safety and Health, NIOSH Docket Office, 1090 Tusculum Avenue, MS C–34, Cincinnati, Ohio 45226–1998.

FOR FURTHER INFORMATION CONTACT: Dr. Susan M. Moore, NIOSH NPPTL, Building 141, 626 Cochran Mill Road, Pittsburgh, PA 15236; Telephone: 412–386–6111.

SUPPLEMENTARY INFORMATION: On May 16, 2022, NIOSH published a notice in the **Federal Register** (87 FR 29748) announcing a draft document entitled Draft NIOSH Healthcare Personal Protective Technology (PPT) Targets for 2020 to 2030 available for public comment. Written comments were to be received by July 15, 2022. In response to a request from the public, NIOSH is extending the public comment period to August 31, 2022.

John J. Howard,

Director, National Institute for Occupational Safety and Health, Centers for Disease Control and Prevention.

BILLING CODE 4163–18–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Racial and Ethnic Disparities in Human Services Analysis Execution Project (New Collection)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, Health and Human Services (HHS).

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services (HHS) is proposing to collect data to explore how one state’s changes to Temporary Assistance for Needy Families (TANF) policies and services in response to the COVID–19 pandemic were experienced by different racial and ethnic groups in that state. The goal is to obtain an in-depth understanding of how TANF participants of different racial and ethnic backgrounds experienced these policy and programmatic changes by comparing those experiences within one state, and to assess whether those changes may have helped to ameliorate challenges

around program and benefit access for different populations or potentially created new challenges.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing OPREinfocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The Racial and Ethnic Disparities in Human Services Analysis Execution project is proposing to collect information for a qualitative study to explore how families of different ethnic and racial backgrounds have experienced changes that one state made to TANF policies and services in

response to the COVID–19 pandemic. We will explore policies such as job-search and other participation requirements, virtual resources and services, and the provision of tablet computers to TANF participants. We will collect information at the state level and from three purposively selected sites in one state, selected to represent the racial and ethnic diversity within the state. The state-level data collection will include (1) TANF program administrators and (2) representatives from the program partnering with the state in the provision of tablet computers to TANF program participants. Information collection at each of the three sites will include semi-structured interviews or focus groups with: (1) TANF program administrators, frontline staff, and participants; and (2) community partner organizations that serve TANF-eligible families and individuals served by those organizations. Site visits will be conducted in-person or virtually,

depending on the state of the COVID–19 pandemic at the time of the site visits.

This study is part of a larger project to help ACF identify racial and ethnic disparities related to the delivery of human services.

This study is intended to present an internally-valid description of how different racial and ethnic groups experience TANF policies, practices, and service delivery in one state at selected sites, not to promote statistical generalization to other sites or service populations.

Respondents: (1) State and regional TANF agency administrators, (2) TANF frontline staff at the site-level, (3) staff at community agencies that serve TANF-eligible families, (4) staff from the computer tablet program and from program partner organizations, (5) TANF participants, (6) tablet program participants, and (7) individuals who are eligible for TANF but not enrolled.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents (total over request period)	Number of responses per respondent (total over request period)	Avg. burden per response (in hours)	Total burden (in hours)	Annual burden (in hours)
<i>Instrument A: State and Regional TANF Administrators Guide (Interviews)</i>	8	1	1	8	4
<i>Instrument B: Local Frontline Staff Guide (Interviews)</i>	10	1	1	10	5
<i>Instrument B: Local Frontline Staff Guide (Focus Groups)</i>	10	1	1.5	15	8
<i>Instrument C: Community-Based Organizations Guide (Interviews)</i>	6	1	1	6	3
<i>Instrument D: Tablet Providers and Program Partners Guide (Interviews)</i>	6	1	1	6	3
<i>Instrument E: TANF Participants Guide (Interviews)</i>	40	1	1	40	20
<i>Instrument E: TANF Participants Guide (Focus Groups)</i>	20	1	1.5	30	15
<i>Instrument F: Tablet Program Participants Guide (Focus Groups)</i>	10	1	1.5	15	8
<i>Instrument G: Individuals Eligible but Not Receiving TANF Guide (Interviews)</i>	15	1	1	15	8
<i>Instrument G: Individuals Eligible but Not Receiving TANF Guide (Focus Groups)</i>	15	1	1.5	23	12

Estimated Total Annual Burden Hours: 86.

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques

or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Authority: Section 413 of the Social Security Act, as amended by the FY 2017 Consolidated Appropriations Act, 2017 (Pub. L. 115–31).

Mary B. Jones,

ACF/OPRE Certifying Officer.
