DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Care Financing Administration

[Document Identifier: HCFA-R-312]

Agency Information Collection Activities: Submission For OMB Review; Comment Request

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Health Care Financing Administration (HCFA), Department of Health and Human Services, has submitted to the Office of Management and Budget (OMB) the following proposal for the collection of information. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Type of Information Collection

Request: New Collection;

Title of Information Collection:

Conflict of Interest and Ownership and Control Information;

Form No.: HCFA-R-312 (OMB# 0938-NEW);

Use: This Conflict of Interest questionnaire is sent to all Medicare Fiscal Intermediaries (FIs) and Carriers to collect full and complete information on any entity's or individual's ownership interest (defined as a 5 per centum or more) in an organization that may present a potential conflict of interest in their role as a Medicare FI or Carrier. The information gathered is used to ensure that all potential, apparent and actual conflicts of interest involving Medicare contracts are

appropriately mitigated and that employees of the contractors, including officers, directors, trustees and members of their immediate families, do not utilize their positions with the contractor for their own private business interest to the detriment of the Medicare program.;

Frequency: Annually;

Affected Public: Not-for-profit institutions, and Business or other for-profit;

Number of Respondents: 42;

Total Annual Responses: 42;

Total Annual Hours: 126.

To obtain copies of the supporting statement for the proposed paperwork collections referenced above, access HCFA's web site address at <http://www.hcfa.gov/regs/prdact95.htm>, or E-mail your request, including your address and phone number, to Paperwork@hcfa.gov, or call the Reports Clearance Office on (410) 786-1326. Written comments and recommendations for the proposed information collections must be mailed within 30 days of this notice directly to the OMB Desk Officer designated at the following address: OMB Human Resources and Housing Branch, Attention: Allison Eydt, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: April 25, 2000.

John P. Burke III,

HCFA Reports Clearance Officer, HCFA, Office of Information Services, Security and Standards Group, Division of HCFA Enterprise Standards.

BILLING CODE 4120-03-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of Inspector General

Program Exclusions: April 2000

AGENCY: Office of Inspector General, HHS.

ACTION: Notice of program exclusions.

During the month of April 2000, the HHS Office of Inspector General imposed exclusions in the cases set forth below. When an exclusion is imposed, no program payment is made to anyone for any items or services (other than an emergency item or service not provided in a hospital emergency room) furnished, ordered or prescribed by an excluded party under the Medicare, Medicaid, and all Federal Health Care programs. In addition, no program payment is made to any business or facility, e.g., a hospital, that

submits bills for payment for items or services provided by an excluded party. Program beneficiaries remain free to decide for themselves whether they will continue to use the services of an excluded party even though no program payments will be made for items and services provided by that excluded party. The exclusions have national effect and also apply to all Executive Branch procurement and non-procurement programs and activities.

Proposed Collection; Comment Request; Miniaturized Wearable Transdermal Alcohol Monitor

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the

National Institute on Alcohol Abuse and Alcoholism (NIAAA), the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

PROPOSED COLLECTION: Title:

Miniaturized Wearable Transdermal Alcohol Monitor. *Type of Information Collection Request:* New. *Need and Use of Information Collection:* This Small Business Innovation Research two-year study is designed to complete the development and clinical testing of a miniaturized wearable Transdermal Alcohol Sensor/Recorder (TAS) that is ready for evaluation in various medical and forensic markets. The overall goal of the project is to refine the specifications of Giner, Inc.'s prototype TAS for miniaturization and to improve wearability for extended periods of time on the wrist or upper arm, maintaining all of the functionality of the current device. Testing on adult volunteers while they are consuming alcohol will determine wearability, performance, reliability, and reproducibility of the TAS in both clinical and normal living/

working conditions. The subjects in two small clinical studies will be asked to keep a daily log of activities, including eating and drinking, while they are wearing the TAS for up 14 days. At the conclusion of the experiment, they will be interviewed about their drinking during the test period using the Time Line Followback (TLFB), a standard clinical interview instrument. A relative of each subject (collateral) will also be interviewed to corroborate the subjects' drinking record. A small sample of alcoholics will wear the TAS for 24 hours, while undergoing detoxification treatment under a physician's care, to evaluate the TAS response to high blood alcohol levels. They will be interviewed about their drinking in the past week using the TLFB. The findings of the studies will be used by the contractor to validate the performance of the re-designed TAS in different settings where monitoring of alcohol ingestion is desirable. *Frequency of Response:* Once, twice, or daily for 14 days. *Affected Public:* Individuals. *Type of Respondents:* Alcoholics, social drinkers, collaterals (ages 21-65). The annual reporting burden is as follows:

YEAR 1

Type of respondents	Estimated number of respondents	Estimated number of responses per respondent	Average burden hours per response	Estimated total annual burden hours requested
Alcoholics	6	1	0.1667	1
Social Drinkers	12	16	0.1667	32
Collaterals	12	2	0.1667	4
Total				37

YEAR 2

Type of respondents	Estimated number of respondents	Estimated number of responses per respondent	Average burden hours per response	Estimated total annual burden hours requested
Social Drinkers	42	15	0.1667	105
Collaterals	42	1	0.1667	7
Total				112

There are no costs to Respondents to report. Social drinker respondents who consume alcohol in controlled settings, wear the TAS, and keep daily log are paid \$100-\$150 for their participation. There are no Capital Costs to report. There are no Operating or Maintenance Costs to report.

Request for Comments: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of

information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who

are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

For Further Information: To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact Dr. Laurie Foudin, Program Administrator, Biomedical Research Branch, Division of Basic Research, NIAAA, 6000 Executive Blvd., MSC
