Federal Aviation Administration

Receipt of Noise Compatibility Program and Request for Review, Burlington International Airport, South Burlington, VT

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces that it is reviewing a proposed noise compatibility program that was submitted for Burlington International Airport under the provisions of 49 U.S.C. 47504 *et seq.* (the Aviation Safety and Noise Abatement Act, hereinafter referred to as "the Act") and 14 CFR Part 150 by the City of Burlington. This program was submitted subsequent to a determination by FAA that associated noise exposure maps submitted under 14 CFR Part 150 for Burlington International Airport were in compliance with applicable requirements, effective November 6, 2007. The proposed noise compatibility program will be approved or disapproved on or before October 20, 2008.

EFFECTIVE DATE: The effective date of the start of FAA's review of the noise compatibility program is April 23, 2008. The public comment period ends June 7, 2008.

FOR FURTHER INFORMATION CONTACT: Richard Doucette, Federal Aviation Administration, New England Region Airports Division, 12 New England Executive Park, Burlington, MA 01803. Comments on the proposed noise compatibility program should also be submitted to the above office.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA is reviewing a proposed noise compatibility program for Burlington International Airport which will be approved or disapproved on or before October 20, 2008. This notice also announces the availability of this program for public review and comment.

An airport operator who has submitted noise exposure maps that are found by FAA to be in compliance with the requirements of Federal Aviation Regulations (FAR) Part 150, promulgated pursuant to the Act, may submit a noise compatibility program for FAA approval which sets forth the measures the operator has taken or proposes to reduce existing non-compatible uses and prevent the introduction of additional non-compatible uses.

The FAA has formally received the noise compatibility program for Burlington International Airport, effective on April 23, 2008. The airport operator has requested that the FAA review this material and that the noise mitigation measures, to be implemented jointly by the airport and surrounding communities, be approved as a noise

compatibility program under section 47504 of the Act. Preliminary review of the submitted material indicates that it conforms to FAR Part 150 requirements for the submittal of noise compatibility programs, but that further review will be necessary prior to approval or disapproval of the program. The formal review period, limited by law to a maximum of 180 days, will be completed on or before October 20, 2008.

The FAA's detailed evaluation will be conducted under the provisions of 14 CFR Part 150, section 150.33. The primary considerations in the evaluation process are whether the proposed measures may reduce the level of aviation safety or create an undue burden on interstate or foreign commerce, and whether they are reasonably consistent with obtaining the goal of reducing existing non-compatible land uses and preventing the introduction of additional non-compatible land uses.

Interested persons are invited to comment on the proposed program with specific reference to these factors. All comments relating to these factors, other than those properly addressed to local land use authorities, will be considered by the FAA to the extent practicable. Copies of the noise exposure maps and the proposed noise compatibility program are available for examination at the following locations: FAA New England Region Airports Division, 12 New England Executive Park, Burlington, MA 01803; Burlington International Airport, Engineering Office, Room 295 Terminal Building, 1200 Airport Drive, South Burlington, VT 05403.

Questions may be directed to the individual named above under the heading: **FOR FURTHER INFORMATION CONTACT.**

Issued in Burlington Massachusetts, April 23, 2008.

LaVerne F. Reid,

Manager, Airports Division, New England Region.

Notice of Final Federal Agency Actions on Proposed Highway in Ohio

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Limitation on Claims for Judicial Review of Actions by

FHWA, Army Corps of Engineers (USACE), and Other Federal Agencies.

SUMMARY: This notice announces actions taken by the FHWA, USACE, and other Federal agencies that are final within the meaning of 23 U.S.C. 139(l)(1). The actions relate to a proposed highway project, U.S. Route 33, from Haydenville in Hocking County to Doanville (just west of New Floodwood) in Athens County in the State of Ohio. Those actions grant licenses, permits, and approvals for the project.

DATES: By this notice, the FHWA is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before November 3, 2008. If the Federal law that authorizes judicial review of a claim provides a time period of less than 180 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: For FHWA: Mr. David Snyder, Environmental Program Manager, Federal Highway Administration, 200 North High Street, Columbus, Ohio, 43215; Telephone: (614) 280-6852; e-mail: David.Snyder@fhwa.dot.gov; FHWA Ohio Division Office's normal business hours are 8 a.m. to 4:30 p.m. (eastern time) Monday thru Friday.
