

payments described in § 4262.15(b), the amount described in this paragraph (g)(2)(ix)(A) is, as of the end of the determination year—

(1) The total amount of special financial assistance paid to the plan under § 4262.12 (as determined under § 4262.12(a) or (b), or under § 4262.12(b) and (c) for plans paid under a supplemented application, as applicable), minus the amount paid to PBGC under § 4262.12(e), as of the end of the determination year;

(2) Multiplied by a fraction, the numerator of which is the number of years determined under paragraph (g)(2)(x) of this section as of the end of the determination year and the denominator of which is the number of years determined under paragraph (g)(2)(xi) of this section as of the end of the determination year.

(B) *Plans required to pay make-up payments.* For plans required to pay make-up payments described in § 4262.15(b), the amount described in this paragraph (g)(2)(ix)(B) is, as of the end of the determination year—

(1) The total amount of special financial assistance paid to the plan under § 4262.12 (as determined under § 4262.12(a) or (b), or under § 4262.12(b) and (c) for plans paid under a supplemented application, as applicable), minus the amount paid to PBGC under § 4262.12(e), and minus the amount of make-up payments paid by the plan to participants and beneficiaries under § 4262.15(b) whether the payments are made from SFA assets or non-SFA assets, as of the end of the determination year;

(2) Multiplied by a fraction, the numerator of which is the number of years determined under paragraph (g)(2)(x) of this section as of the end of the determination year and the denominator of which is the number of years determined under paragraph (g)(2)(xi) of this section as of the end of the determination year.

(D) *Example 4.* In plan year 2022, Plan D received an SFA payment amount of \$50,000,000 (not including the amount paid to PBGC for repayment of traditional financial assistance) and a supplemented SFA payment amount of \$30,000,000. A total of \$20,000,000 in lump-sum make-up payments were paid by Plan D in plan year 2022. An employer withdraws in 2023. At the end of the determination year (2022), the amount of SFA required to be excluded from assets equals \$60,000,000 (\$50,000,000 + \$30,000,000—\$20,000,000). If, instead, the make-up

payments were paid by Plan D in plan year 2023, the amount of SFA required to be excluded from assets at the end of the determination year (2022) would equal \$80,000,000. Under this scenario, Plan D's unfunded vested benefit liability would be the same at the end of the determination year because the additional \$20,000,000 of SFA required to be excluded from assets offsets the \$20,000,000 in SFA that the plan still holds for make-up payments but has not yet distributed as of the end of the determination year. Similarly, if the employer withdraws in 2024, the make-up payments were paid in 2023, and the phase-in fraction was 9/10th for 2023, the amount of SFA excluded from the assets at the end of the determination year (2023) would be \$54,000,000 (9/10th × \$60,000,000), where the \$60,000,000 is calculated as the total \$80,000,000 in SFA paid to the plan minus the \$20,000,000 in make-up payments that were disbursed prior to the end of the determination year.

Coast Guard

33 CFR Part 117

[Docket No. USCG-2022-0222]

RIN 1625-AA09

Drawbridge Operation Regulation; Okeechobee Waterway, Stuart, FL

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Notification of temporary deviation from regulations; reopening of comment period.

SUMMARY: The Coast Guard is reopening the comment period to solicit additional comments concerning its notice of temporary deviation to the regulation governing the Florida East Coast (FEC) Railroad Bridge, across the Okeechobee Waterway (OWW), mile 7.41, at Stuart, FL. The expected increase in railway service was delayed and did not commence until late September 2023. Due to this delay, it was determined that we did not afford the public adequate opportunity to provide comments. We are reopening the comment period to allow the public more time to comment. The comment period is now open until November 30, 2023.

DATES: The comment period for the temporary deviation published August 11, 2023 (88 FR 54487) is reopened. Comments and relate material must reach the Coast Guard on or before November 30, 2023.

ADDRESSES: You may submit comments identified by docket number USCG-2022-0222 using Federal Decision Making Portal at <https://www.regulations.gov>.

See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call, or email Ms. Jennifer Zercher, Bridge Management Specialist, Seventh Coast Guard District; telephone 305-415-6740, email Jennifer.N.Zercher@uscg.mil.

II. Background and Purpose

On June 23, 2023, we published a temporary deviation entitled, “Drawbridge Operation Regulation; Okeechobee Waterway, Stuart, FL” in the **Federal Register** (88 FR 37470). The original comment period closed on August 4, 2023. Based on the comments received and other concerns that were voiced by the public, we rescinded that test deviation, and published a new one.

On August 11, 2023, we published second a temporary deviation entitled, “Drawbridge Operation Regulation; Okeechobee Waterway, Stuart, FL” in the **Federal Register** (88 FR 54487). The second comment period closed on October 15, 2023. The temporary deviations are testing a more predictable operating schedule for the FEC Railroad Bridge and contains useful background and analysis related to the temporary deviation. The public is encouraged to review the temporary deviation.

We originally set a 60-day comment period for the temporary deviation and determined reopening the comment period until the end of the temporary deviation is necessary due to the delay in the start of additional railway service. Additional railway service was delayed and did not commence until late September 2023. We feel the start of additional railway service so close to the end of the comment period did not afford the public adequate opportunity to provide comments.

This notice to reopen the comment period ensures notice and opportunity to comment on the operation of the drawbridge before determining whether a permanent change to the schedule is needed.

The comment period is now open through November 30, 2023. Any comments received in the period between when the initial comment period closed on October 15, 2023 and the reopening of the comment period on November 7, 2023 will also be considered.

This notice is issued under authority of 33 U.S.C. 1223 and 5 U.S.C. 552.

III. Public Participation and Request for Comments

We view public participation as essential to determining the needs of the public and will consider all comments and material received during the comment period. Your comment can help shape the outcome of future actions. If you submit a comment, please include the docket number for this test deviation, indicate the specific
