Notice of Lodging of Settlement Stipulation Under the Comprehensive Environmental Response, Compensation and Liability Act

Notice is hereby given that on January 28, 2005, a proposed Settlement Agreement in *In re Armstrong World Industries, Inc., et al.* Case No. 00–4471 (Bankr. D. Del.), was lodged with the United States Bankruptcy Court for the District of Delaware. In this action, the United States filed a proof of claim on behalf of the U.S. Environmental

Protection Agency (“EPA”), against Armstrong World Industries, Inc. (“AWI”), seeking the recovery of response costs incurred at seven sites under section 104(a) of the Comprehensive Environmental Response, Compensation and Liability Act, as amended, 42 U.S.C. 9604(a).

Under the proposed Settlement Agreement, the claims of the United States regarding 19 “Liquidated Sites” will be resolved for a total of \$8,727,738.80. In addition, the proposed Settlement Agreement will permit EPA to resolve in due course any alleged liabilities of AWI at any “Additional Sites” (e.g., presently unknown sites), whether prior to or following the effective date of a confirmed reorganization plan. Under AWI’s proposed Fourth Amended Plan of Reorganization (the “Plan”), which has been approved by the United States Bankruptcy Court for the District of Delaware and is pending before the District Court, that rate is 59.5%. In addition, the United States has agreed that any claims which EPA may have at 18 identified sites, where EPA upon investigation does not believe it has claims, will be discharged upon confirmation of the Plan.

Antitrust Division

Proposed Final Judgment and Competitive Impact Statement; *United States v. Eastern Mushroom Marketing Cooperative, Inc.*

Notice is hereby given pursuant to the Antitrust Procedures and Penalties Act, 15 U.S.C. 16(b)-(h), that a Complaint, proposed Final Judgment, Stipulation, and Competitive Impact Statement have been filed with the United States District Court for the Eastern District of Pennsylvania in *United States v. Eastern Mushroom Marketing Cooperative, Inc.*, Civil Case No. 04 CV 5829. The proposed Final Judgment is subject to approval by the Court after compliance with the Antitrust Procedures and Penalties Act, 15 U.S.C. 16(b)-(h), including expiration of the statutory 60-day public comment period.

On December 16, 2004, The United States filed a Complaint alleging that the Eastern Mushroom Marketing Cooperative, Inc., in order to support its price increases, acquired certain mushroom farms, then filed deed restrictions on the properties as part of an agreement among the cooperative members to restrict, forestall, and exclude competition from nonmember farmers in an unreasonable restraint of trade in violation of Section 1 of the Sherman Act. The Eastern Mushroom Marketing Cooperative, whose members grow, sell, and ship mushrooms to retail and food service outlets, is the largest mushroom cooperative in the United States. During the 2001-2002 growing season, the cooperative had approximately 19 members with control of more than 500 million pounds of mushrooms valued in excess of \$425 million. The cooperative controlled over 60 percent of all agaricus mushrooms grown in the United States during the 2001-2002 growing season and approximately 90 percent of all agaricus mushrooms grown in the eastern United States during the same growing season.

To restore competition, the proposed Final Judgment filed with the Complaint will require the cooperative to remove the deed restrictions already filed and will enjoin and restrain the cooperative from creating, filing, or enforcing any mushroom deed restrictions with respect to any real property in which the cooperative has an ownership or leasehold interest of any kind. A Competitive Impact Statement, filed by the United States, describes the Complaint, the proposed Final Judgment, and the remedies available to
