Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Import, End-User, Delivery Verification Certificates and Firearms Entry Clearance Requirements

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on September 19, 2023, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Title: Import, End-User, Delivery Verification Certificates and Firearms Entry Clearance Requirements.

OMB Control Number: 0694–0093.

Form Number(s): BIS–645P, BIS 647–P.

Type of Request: Extension of a current information collection.

Number of Respondents: 11,776.

Average Hours per Response: 1 to 30 minutes.

Burden Hours: 1,630.

Needs and Uses: This collection of information addresses three activities: (1) Import Certificates/End Use Certificates, (2) Delivery Verification, and (3) Firearms Entry Clearance Requirements.

Import Certificates or End-User Certificates (IC/EUC)—The IC/EUC, BIS–645P, is obtained by the foreign importer and transmitted to the U.S. exporter. They are issued by the government of the country of ultimate destination to exercise legal control over

the disposition of the items covered by the IC/EUC. The control exercised by the government issuing the IC/EUC is in addition to the conditions and restrictions placed on the transaction by BIS.

Delivery Verification—The Delivery Verification Certificate (DV) is required by BIS as part of its export control program. The license holder is responsible for having the ultimate consignee complete the BIS–647P, Delivery Verification Certificate Form when the goods are delivered. BIS uses the DV procedure on an "as needed" basis. The DV is usually required when there is suspicion of violation of the EAR. Therefore, if the exporter cannot supply the DV, BIS must be notified to determine if an exception is legitimate. Otherwise, the exporter would be in violation of the EAR.

Firearms Entry Clearance Requirements—This entry clearance requirement is necessary due to the changes by the President in determining that certain items no longer warrant control under United States Munitions List (USML) Category I—Firearms, Close Assault Weapons and Combat Shotguns; Category II—Guns and Armament; and Category III—Ammunition/Ordnance would be controlled under the Commerce Control List (CCL). As the State Department previously collected this same type of information, the Department of Commerce controls the CCL and must now take over this collection of information.

Affected Public: Business or other for-profit organizations.

Frequency: On Occasion.

Respondent's Obligation: Mandatory.

Correction

In the **Federal Register** of December 27, 2023, in FR Doc. 2023–28526, on page 89371, in the first column, correct the paragraph entitled “Cash Deposit Requirements” to read as follows: Because AJU Besteel, Husteel, Hyundai Steel, and NEXTEEL do not have a superseding cash deposit rate, *i.e.*, there have been no final results published in a subsequent administrative review of certain oil country tubular goods from Korea,¹ and because of the change to the

rate assigned to all other producers and exporters of subject merchandise, Commerce will issue revised cash deposit instructions to U.S. Customs and Border Protection.
