

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notice (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section in this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section in this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. *Performance Measures:* The Government Performance and Results Act of 1993 (GPRA) directs Federal departments and agencies to improve the effectiveness of their programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals. Performance measures established for the RCEP are the percentage of training participants who report an increase in their knowledge, skills, and abilities. RSA will use these data to assess the performance of the projects funded under this competition. RSA also will convene an independent review panel to evaluate the work of the grantees. The independent review panel will use the following performance measures: (a) The percentage of technical assistance and continuing education services provided by the grantee that are deemed to be of high quality; (b) the percentage of technical assistance and continuing education services provided by the grantee that are deemed to be of high relevance to State vocational rehabilitation (VR) policies or practices; and (c) the percentage of

technical assistance and continuing education services provided by the grantee that are deemed to be useful in improving State VR agency policies or practices.
