In the interest of security, NIH has procedures at <https://www.nih.gov/about-nih/visitor-information/campus-access-security> for entrance into on-campus and off-campus facilities. All visitor vehicles, including taxicabs, hotel, and airport shuttles will be inspected before being allowed on campus. Visitors attending a meeting on campus or at an off-campus federal facility will be asked to show one form of identification (for example, a government-issued photo ID, driver's license, or passport) and to state the purpose of their visit.

Additional Health and Safety Guidance: Before attending a meeting at an NIH facility, it is important that visitors review the NIH COVID-19 Safety Plan at <https://ors.od.nih.gov/sr/dohs/safety/NIH-covid-19-safety-plan/Pages/default.aspx> for information about requirements and procedures for entering NIH facilities, especially when COVID-19 community levels are medium or high. In addition, the Safer Federal Workforce website has FAQs for visitors at <https://www.saferfederalworkforce.gov/faq/visitors/>. Please note that if an individual has a COVID-19 diagnosis within 10 days of the meeting, that person must attend virtually. (For more information please read NIH's Requirements for Persons after Exposure at <https://ors.od.nih.gov/sr/dohs/safety/NIH-covid-19-safety-plan/COVID-assessment-testing/Pages/persons-after-exposure.aspx> and What Happens When Someone Tests Positive at <https://ors.od.nih.gov/sr/dohs/safety/NIH-covid-19-safety-plan/COVID-assessment-testing/Pages/test-positive.aspx>.) Anyone from the public can attend the open portion of the meeting virtually via the NIH Videocasting website (<http://videocast.nih.gov>). Please continue checking these websites, in addition to the committee website listed below, for the most up to date guidance as the meeting date approaches.

Information is also available on the Institute's/Center's home page: www.nhlbi.nih.gov/meetings/nhlbiac/index.htm, where an agenda and any additional information for the meeting will be posted when available.

Proposed Collection Title: NIH Special Volunteer and Guest Researcher Assignment OMB #0925-0177, exp., date April 30, 2024, REVISION, Office of Intramural Research (OIR), Office of the Director (OD), National Institutes of Health (NIH).

Need and Use of Information Collection: Form Number: NIH-590-2 is a single form completed by an NIH Special Volunteer prior to his/her arrival at NIH. The information on the form is necessary for the Special Volunteer to acknowledge and agree to the conditions and responsibilities of their volunteer services at NIH via a Special Volunteer Agreement as the legal instrument. The U.S. Department of Health and Human Services (HHS) Office of General Counsel, in consultation with the Department of Justice, now requires that revisions be made to items 7 and 8 of the Special Volunteer Agreement. Special Volunteers and Guest Researchers both fill the main collection instrument, NIH Form 590; and Guest Researchers fill a separate Guest Researcher Agreement, NIH Form 590-1. No revisions are proposed for these other forms currently. Form NIH-590 is a single form completed by an NIH official for each Guest Researcher or Special Volunteer prior to his/her arrival at NIH. The information on the form is necessary for the approving official to reach a decision on whether to allow a Guest Researcher to use NIH facilities, or whether to accept volunteer services offered by a Special Volunteer. If the original assignment is extended, another form notating the extension is completed to update the file. In addition, each Special Volunteer and Guest Researcher reads and signs an NIH Agreement.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 652.

Proposed Collection: Public Health Service (PHS) Applications and Pre-Award Related Reporting—0925-0001—09/30/2024, REVISION, Office of the Director, National Institutes of Health (NIH).

Need and Use of Information Collection: The National Institutes of Health (NIH) and other Public Health Service (PHS) agencies currently use the Research and Research Training Grant Applications and Related Forms and Ruth L. Kirschstein National Research Service Award Applications and Related Forms (0925-0001 Expiration Date: September 30, 2024). The application and progress report forms will be updated to align with this requirement. NIH is also introducing a new, optional DMS Plan format page that applicants may use to develop their DMS Plan. This collection is also being updated to include the application form for NIH Other Transaction awards. Post-award reporting requirements, including the RPPR, are similarly consolidated and concurrently submitted under 0925-0002 (expiration September 30, 2024).

OMB approval is requested for three years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 2,175,670.
