

calculated for Saha Thai, pursuant to section 735(c)(5)(B) of the Act.		Final Results of Review Commerce determines that the following weighted-average dumping	margin exists for the period March 1, 2023, through February 29, 2024:
Exporter or producer			Weighted-average dumping margin (percent)
Saha Thai Steel Pipe Public Co., Ltd. (also known as Saha Thai Steel Pipe (Public) Company, Ltd.)			0.00
Thai Premium Pipe Co. Ltd			0.00

Disclosure

Normally, Commerce discloses to interested parties the calculations of the final results of an administrative review within five days of a public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because we have made no changes to the *Preliminary Results*, there are no calculations to disclose.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act, and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. Where the respondent’s weighted-average dumping margin is either zero or *de minimis* (*i.e.*, less than 0.5 percent), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. Accordingly, because Saha Thai’s and TPP’s weighted-average dumping margin is zero percent, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For entries of subject merchandise during the POR produced by Saha Thai, for which it did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of these final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon

publication in the **Federal Register** of the notice of final results of administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided for by section 751(a)(2)(C) of the Act: (1) the cash deposit rates for Saha Thai and TPP will be equal to the weighted-average dumping margin established in the final results of this administrative review (*i.e.*, 0.00 percent); (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review or another completed segment of this proceeding, but the producer is, then the cash deposit rate will be the company-specific rate established for the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 15.67 percent, the all-others rate established in the less-than-fair-value investigation.⁵ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary

information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

Commerce is issuing and publishing the final results of this review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Certain Brake Drums From People’s Republic of China: Final Affirmative Determination of Sales at Less Than Fair Value; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.
ACTION: Notice; correction.

SUMMARY: The U.S. Department of Commerce (Commerce) published notice in the **Federal Register** of June 18, 2025, in which Commerce published the final determination of sales at less than fair value (LTFV) investigation of certain brake drums from the People’s Republic of China (China). This notice corrects the scope of the investigation included in Appendix I of that **Federal Register** notice, which incorrectly did not reflect changes that Commerce made to the preliminary scope of the investigation.

SUPPLEMENTARY INFORMATION:

Background

On June 18, 2025, Commerce published in the **Federal Register** the *Final Determination* in the LTFV investigation of certain brake drums from China.¹ We incorrectly did not update the scope of the investigation included in Appendix I of the *Final Determination* to reflect changes that Commerce made to the preliminary scope of the investigation.²

Correction

In the **Federal Register** of June 18, 2025, in FR Doc 2025-11228, on page 26013, in Appendix I, “Scope of the Investigation,” correct the scope of the investigation so that it reads:

The merchandise covered by this investigation is certain brake drums made of gray cast iron, whether finished or unfinished, with an actual or nominal inside diameter of 14.75 inches or more but not over 16.6 inches, weighing more than 50 pounds. Unfinished brake drums are those which have undergone some turning or machining but are not ready for installation. Subject brake drums are included within the scope whether imported individually or with non-subject merchandise (for example, a hub), whether assembled or unassembled, or if joined with non-subject merchandise. When a subject drum is imported together with non-subject merchandise, such as, but not limited to, a drum-hub assembly, only the subject drum is covered by the scope.

Subject merchandise also includes finished and unfinished brake drums that are further processed in a third country or in the United States, including, but not limited to, assembly or any other processing that would not otherwise remove the merchandise from the scope of this investigation if performed in the country of manufacture of the subject brake drums. The inclusion, attachment, joining, or assembly of non-subject merchandise with subject drums either in the country of manufacture of the subject drum or in a third country does not remove the

subject drum from the scope. Specifically excluded is merchandise covered by the scope of the antidumping and countervailing duty orders on certain chassis and subassemblies thereof from the People’s Republic of China. *See Certain Chassis and Subassemblies Thereof from the People’s Republic of China: Antidumping Duty Order*, 86 FR 36093 (July 8, 2021) and *Certain Chassis and Subassemblies Thereof from the People’s Republic of China: Countervailing Duty Order and Amended Final Affirmative Countervailing Duty Determination*, 86 FR 24844 (May 10, 2021).

The scope also excludes composite brake drums that contain more than 38 percent steel by weight.

The merchandise covered by this investigation is classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheading 8708.30.5020. The merchandise covered by this investigation may be classifiable under HTSUS subheading 8708.30.5090 when entered as part of an assembly. Subject merchandise may also enter under HTSUS subheading 8716.90.5060, 8704.10, 8704.23.01, 8704.32.01, 8704.43.00, 8704.52.00, 8704.60.00, 8708.50.61, 8708.50.6500, 8716.90.5010, 8716.31.00, 8716.39.00, 8716.40.00. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise covered by this investigation is dispositive.

Notification to Interested Parties

This notice is issued and published in accordance with sections 705(a)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.210(b)(1).
