## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. RM07-18-000]

#### Elimination of FERC Form No. 423; Notice Providing for Termination of Collection of FERC Form No. 423

March 28, 2008.

On March 11, 2008, the Commission issued a Final Rule in the above-referenced proceeding, amending its regulations at 18 CFR 141.61, to eliminate the collection of the FERC Form No. 423, "Monthly Report of Cost and Quality of Fuels for Electric Plants" (Form 423), 122 FERC ¶ 61,225 (2008). The Commission stated that it intended to cease collection of the Form 423 ending with the December 2007 report, which was due February 15, 2008, but that it would coordinate its actions with the Energy Information Administration's (EIA) collection of this data on its newly authorized EIA-923, "Power Plant Operations Report" to ensure that there would not be a break in the monthly collection of data. EIA has indicated that it will begin the collection of its EIA-923 starting with the January 2008 report.

The Commission by this notice therefore announces that it has terminated collection of the Form 423 ending with the December 2007 report, which was due February 15, 2008.

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of Peer Review Workshop.

**SUMMARY:** EPA is announcing that Eastern Research Group, Inc. (ERG), an EPA contractor for external scientific peer review, will convene an independent panel of experts and organize and conduct an external peer review workshop to review the external review draft document titled, "Toxicological Review of Thallium: In

Support of Summary Information on the Integrated Risk Information System (IRIS)" (NCEA-S-2949; EPA/635/R-08/001). EPA previously announced the 60-day public comment period (ending April 15, 2008) for the draft document in the **Federal Register** on February 15, 2008 (73 FR 8867). EPA will consider public comments and recommendations from the expert panel workshop as EPA finalizes the draft document.

The public comment period and the external peer review workshop are separate processes that provide opportunities for all interested parties to comment on the document. EPA intends to forward public comments submitted in accordance with the **Federal Register** notice (73 FR 8867) to ERG for consideration by the external peer review panel prior to the workshop.

EPA is releasing this draft document solely for the purpose of pre-dissemination peer review under applicable information quality guidelines. This document has not been formally disseminated by EPA. It does not represent and should not be construed to represent any Agency policy or determination.

The public may attend this workshop as observers through a registration process, and time will be set aside for observers to give brief oral comments at the workshop regarding the draft document under review. Pre-registration is strongly recommended as space is limited, and registrations will be accepted on a first-come, first-served basis. The deadline for pre-registration is Monday, May 12, 2008. If space allows, registrations will continue to be accepted after this date, including on-site registrations. Time will be set aside to hear comments from observers, and individuals will be limited to a maximum of five minutes during the morning session of peer review workshop. Public comments submitted during the 60-day public comment period ending April 15, 2008, may be observed at <http://www.regulations.gov> under Docket ID No. EPA-HQ-ORD-2008-0057.
