Forest Service

Title: Forest Products Free Use Permit, Forest Products Removal Permit and Cash Receipt, and Forest Products Sale Permit and Cash Receipt.

OMB Control Number: 0596-0085.

Summary of Collection: Individuals or other Federal agencies that wish to remove forest products from the National Forest must request a permit. 16 U.S.C. 551 requires the promulgation of regulations to regulate forest use and prevent destruction of the forests. To obtain a permit, applicants must meet the criteria at 36 CFR 223.1, 223.2 and 223.5 through 223.13 under which free use or sale of timber or forest products is authorized. Upon receiving a permit, the permittee must comply with the terms of the permit at 36 CFR 216.6 that designate the forest products that can be harvested and under what conditions, such as limiting harvest to a designated area or permitting harvest of only specifically designated material. The collection of information is required to determine if the applicant meets the criteria under which free use or sale of forest products is authorized by the regulations and to ensure that the permittee complies with the regulations and terms of the permit. This information is also needed to allow Forest Service (FS) compliance personnel to identify permittees in the field.

Need and Use of the Information: FS will collect the name, address and tax identification number from person applying for permits. The information will be used by FS to keep a record of persons buying forest products. The information will also be used to ensure that the permittee has not received product values in excess of the amount allowed by regulation in any one fiscal year. Without the forest product removal program, achieving multiple use management programs such as reducing fire hazard and improving forest health on the National Forest would be impaired.

Description of Respondents: Individuals or households; Business or other for-profit.

Number of Respondents: 303,500.

Frequency of Responses: Recordkeeping; Reporting: On occasion.

Total Burden Hours: 16,973.
