SUPPLEMENTARY INFORMATION:

Title: Quality Control Review Schedule.

OMB Number: 0584-0299.

Expiration Date: January 31, 2010.

Type of Request: Revision of a currently approved collection.

Abstract: FNS 380-1 is the Supplemental Nutrition Assistance Program's (SNAP) Quality Control (QC) Review Schedule which collects QC and household characteristics data. The information needed to complete this form is obtained from the SNAP case record and state quality control findings. The information is used to monitor and reduce errors, develop policy strategies, and analyze household characteristic data. We estimate that it takes 1.05 hours per response and .0236 hours per record for recordkeeping to complete the form.

The annual reporting burden for this collection is 58,065 hours and the annual recordkeeping burden for this collection is 1,322 hours. Overall, the annual reporting and recordkeeping burden associated with the completion of the FNS 380-1 is being decreased from 61,352 hours to 58,868 hours. This is a 2,484 hour decrease in the current

burden, which is a result of the State agencies' reduction in the number of cases being pulled for review over the minimum required review amount. We previously cleared the reporting and recordkeeping burden for this form under Office of Management and Budget (OMB) clearance number 0584-0299. OMB approved the burden through January 31, 2010. Based on the most recent table of active case sample sizes and completion rates (FY 2007), we estimate 56,065 FNS 380-1 worksheets and interviews will now be completed annually.
