DEPARTMENT OF THE INTERIOR

Office of the Secretary

Exxon Valdez Oil Spill Trustee Council; Renewal of the Public Advisory Committee

AGENCY: Office of the Secretary, Department of the Interior.

ACTION: Notice of Reestablishment.

In accordance with the provisions of the Federal Advisory Committee Act, as amended (5 U.S.C., App. 2), following the recommendation and approval of the Exxon Valdez Oil Spill Trustee Council, and in consultation with the General Services Administration the Secretary of the Interior hereby renews the charter for the Exxon Valdez Oil Spill Public Advisory Committee.

FOR FURTHER INFORMATION CONTACT:

Douglas Mutter, Department of the Interior, Office of Environmental Policy and Compliance, 1689 "C" Street, Room 119, Anchorage, Alaska, (907) 271-5011.

SUPPLEMENTARY INFORMATION: The Court Order establishing the Exxon Valdez Oil Spill Trustee Council also requires a public advisory committee. The Public Advisory Committee was established to advise the Trustee Council, and began functioning in October 1992. The Public Advisory Committee consists of 15 members representing the following principal interests: Sport hunting and fishing, conservation and environmental, public-at-large, recreation users, commercial tourism, local government, science/technical, subsistence, commercial fishing, aquaculture and mariculture, regional monitoring programs, tribal government, marine transportation, and Native landowners.

In order to ensure that a broad range of public viewpoints continues to be available to the Trustee Council, and in keeping with the settlement agreement, the continuation of the Public Advisory Committee is recommended.

Certification

I hereby certify that the renewal of the Charter of the Public Advisory Committee is necessary and in the public interest in connection with the performance of duties mandated by the settlement of *United States v. State of Alaska*, No. A91-081 CV, and is in accordance with the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended and supplemented.

Dated: November 5, 2008.

Dirk Kempthorne,

Secretary of the Interior.

Bureau of Land Management

[CA-670-08-1610-DR]

Notice of Availability of Record of Decision for the Eastern San Diego County Resource Management Plan/ Environmental Impact Statement

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: The BLM announces the availability of the Record of Decision (ROD)/Approved Resource Management Plan (RMP) for Eastern San Diego County. The California State Director signed the ROD on October 10, 2008, which constitutes the final decision of the BLM and makes the Approved RMP effective immediately.

ADDRESSES: Copies of the ROD/ Approved RMP are available upon request from the Field Manager, El Centro Field Office, Bureau of Land Management, 1661 S. 4th Street, El Centro, CA 92243 or via the Internet at <http://www.ca.blm.gov/elcentro>. Copies of the ROD/Approved RMP can also be obtained from the BLM California State Office at 2800 Cottage Way, Suite W 1834, Sacramento, CA 95825.

FOR FURTHER INFORMATION CONTACT: Erin Dreyfuss, Eastern San Diego County RMP Team Leader, at (760) 337-4400, Bureau of Land Management, 1661 S. 4th Street, El Centro, CA 92243; caesdrmp@ca.blm.gov.

SUPPLEMENTARY INFORMATION: The planning area for the Eastern San Diego

County RMP is the El Centro Field Office's area of management responsibility. Approximately 103,000 acres of public lands are administered by the BLM in the planning area. The decisions laid out in the ROD will apply only to BLM-administered lands and mineral estate in the planning area.

Planning for the RMP officially began with a **Federal Register** Notice on July 14, 2004 initiating the scoping process. The BLM sought participation from the public, tribes, and local, state, and federal agencies.

The RMP describes how the BLM intends to manage the planning area to meet desired resource conditions for vegetative communities, wildlife habitats, and cultural and visual resources. It also outlines management direction for recreation, protection of sensitive natural and cultural resources, energy and mineral development, land tenure adjustments and other planning issues raised during the planning process.

The BLM's Draft RMP/Draft Environmental Impact Statement (EIS) for the Eastern San Diego County Planning Area (February 2, 2007) presented alternatives to help the BLM and interested parties understand the various ways of addressing issues in the region. Upon evaluation of the alternatives and associated impacts described in the Draft RMP/EIS, and based on public and agency comments on that document, the BLM prepared the Proposed RMP and Final EIS (PRMP/FEIS) for Eastern San Diego County, which was released on December 7, 2007.

Nine protest letters on the PRMP/FEIS were received by the BLM. In response to these protests and based on additional policy discussions, the BLM decided to clarify and make changes to the Proposed Plan as set forth in the PRMP/FEIS, including: (1) Modifying renewable energy (wind) related proposals and (2) clarifying and modifying Visual Resource Management (VRM) proposals and classifications. On July 28, 2008, the BLM published a notice in the **Federal Register** to *Provide Opportunity to Comment on Changes to the Eastern San Diego County Proposed Resource Management Plan* for 30 calendar days.

After considering all of the protests on the PRMP/FEIS and the comments received on the proposed changes to the PRMP/FEIS, the BLM determined that the Preferred Alternative (Alternative E), as modified, best meets the purpose and need for the proposal.

The decisions designating routes of travel for motorized vehicles are implementation-level decisions and are
