

allow visitors the opportunity for advance trip planning. In the event of a catastrophic event and the destruction of visitor facilities, the NPS would close affected facilities and build new facilities on other locations to ensure no net loss of visitor opportunities.

Actions Common-to-All Action Alternatives

Several actions are common-to-all action alternatives (Alternatives B, C, and D). The NPS would recommend a name change for Ross Lake NRA to North Cascades National Recreation Area. Congressional legislation would be required to authorize this name change. Recreation activities, including hunting and hiking with dogs on trails, would continue. The Thunder Creek Potential Wilderness Area would be designated as wilderness through administrative action, as authorized in the Washington Park Wilderness Act of 1988 (Pub. L. 100-668, Title IV), and included in the Stephen Mather Wilderness. The NPS would recommend Congressional legislation for wild and scenic river designation of the Skagit River from Gorge Powerhouse downstream to the boundary of Ross Lake NRA, Goodell Creek, and Newhalem Creek. Climate change impacts and Ross Lake NRA's carbon footprint would be addressed through various strategies and actions including the reduction of emissions, use of green energy, adaptive management, and support for scientific research and educational programs.

The Final GMP/EIS is now available. Interested persons and organizations may obtain the Final EIS/GMP online at <http://parkplanning.nps.gov/rola> or by contacting Superintendent, North Cascades NPS Complex, 810 State Route 20, Sedro-Woolley, Washington 98284. A limited number of additional printed copies of this report are available from the mailing address above.

If you comment, before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Following the release of the Final GMP/EIS, a Record of Decision will be prepared not sooner than 30 days after the EPA has published its notice of filing of the document in the **Federal Register**. Notice of approval of the GMP

would be similarly published. As a delegated EIS, the official responsible for the final decision is the Regional Director, Pacific West Region; subsequently the official responsible for implementation would be the Superintendent, North Cascades NPS Complex.

Dated: November 4, 2011.

Cynthia L. Ip,

Acting Regional Director, Pacific West Region.
