The Secretary of Labor is announcing the establishment of a Federal Advisory Committee. In accordance with the provisions of the Federal Advisory Committee Act (FACA), 5 U.S.C. App. 2, the Secretary of Labor has determined that the establishment of the Bureau of Labor Statistics Technical Advisory Committee (the "Committee") is in the public interest in connection with the performance of duties imposed upon the Commissioner of Labor Statistics by 29 U.S.C. 1 and 2. This determination follows consultation with the Committee Management Secretariat, General Services Administration.

The Committee will present advice and make recommendations to the Bureau of Labor Statistics (BLS) on technical aspects of the collection and formulation of economic measures.

The Committee will function solely as an advisory body to the BLS, on technical topics selected by the BLS. Important aspects of the Committee's responsibilities include, but are not limited to:

- c. Recommend BLS conduct internal research projects to address technical problems with BLS statistics that have been identified in the academic literature.

- d. Participate in discussions of areas where the types or coverage of economic statistics could be expanded or improved and areas where statistics are no longer relevant.

- e. Establish working relationships with professional associations with an interest in BLS statistics, such as the American Statistical Association and the American Economic Association.

The Committee will report to the Commissioner of Labor Statistics, agency head of the BLS.

The Committee will consist of approximately sixteen members who serve as Special Government Employees. Members are appointed by

the BLS and are approved by the Secretary of Labor. Committee members are economists, statisticians, and behavioral scientists and will be chosen to achieve a balanced membership across those disciplines.
