

that GTS complete a hydrologic and hydraulic analysis of the proposed changes to the property that would result from the Project. All substantive comments will be addressed in the EA.

Additional Information

In order to receive notification of the issuance of the EA and to keep track of formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This service provides automatic notification of filings made to subscribed dockets, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Additional information about the Project is available from the Commission's Office of External Affairs at (866) 208-FERC or on the FERC website (www.ferc.gov). Using the "eLibrary" link, select "General Search" from the eLibrary menu, enter the selected date range and "Docket Number" excluding the last three digits (*i.e.*, CP25-167), and follow the instructions. For assistance with access to eLibrary, the helpline can be reached at (866) 208-3676, TTY (202) 502-8659, or at FERCOnlineSupport@ferc.gov. The eLibrary link on the FERC website also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rule makings.

[Docket No. CP18-116-002]

Texas Gas Transmission, LLC; Notice of Request for Extension of Time

Take notice that on May 23, 2025, Texas Gas Transmission, LLC (Texas Eastern) requested that the Commission grant a two-year extension of time, until June 26, 2027, to construct and place into service its North Lake Pagie/Bay Junop-Bay Round Abandonment Project (Project) located in Terrebonne Parish, Louisiana, as authorized in the Order Approving Abandonment (Order).¹ The Order originally required Texas Eastern to complete construction of the Project and make it available for service by June 26, 2019.

The Commission has subsequently granted four (4) extensions of time, making the current date for the Project facilities to be constructed and placed into service June 26, 2025.²

Texas Gas was authorized to perform the Project but states they have faced obstacles in securing agreeable terms with agencies and landowners to secure a Coastal Use Permit for this Project. Additionally, new species have been listed by the U.S. Fish and Wildlife Service (USFWS) that may be affected within the proposed Project area and will require re-consultation with USFWS.

This notice establishes a 15-calendar day intervention and comment period deadline. Any person wishing to comment on Texas Eastern's request for an extension of time may do so. No reply comments or answers will be considered. If you wish to obtain legal status by becoming a party to the proceedings for this request, you should, on or before the comment date stated below, file a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (NGA) (18 CFR 157.10).

As a matter of practice, the Commission itself generally acts on
