

performed for each project during the fiscal year.

8. After full consideration of the comments presented, and in accordance with the previously cited guidance, the

Commission accepted as reasonable any costs reported via the cost submission forms that were clearly documented in the OFAs' accompanying reports and/or analyses. These documented costs will

be included in the administrative annual charges for FY 2024.

Figure 1

9. Figure 1 summarizes the total reported costs incurred by Interior, Agriculture, and Commerce with respect to their participation in administering Part I of the FPA. Additionally, Figure 1 summarizes the reported costs that the Commission determined were clearly documented and accepted for inclusion in its FY 2024 administrative annual charges.

#### Summary Findings of Commission's Costs Review

10. As presented in Figure 1, the Commission has determined that \$5,814,411 of the \$6,702,547 in total reported costs were reasonable and clearly documented in the OFAs' accompanying reports and/or analyses. Based on this finding, 13% of the total reported cost was determined to be unreasonable. The Commission notes the most significant issue with the documentation provided by the OFAs was the lack of detailed description of type of work performed and a list of projects for work performed during the fiscal year.

11. The cost reports that the Commission determined were clearly documented and supported could be traced to detailed cost-accounting reports, which reconciled to data provided from agency financial systems or other pertinent source documentation. A further breakdown of these costs is included in the Appendix to this notice, along with an explanation of how the Commission determined their reasonableness.
