The program discrimination complaint filing information, which is voluntarily provided by the Respondent, will be used by the staff of USDA OASCR to intake, investigate, resolve, and/or adjudicate the Respondent's complaint. [Docket No. RBS-20-BUSINESS-0037]

Inviting Applications for the Rural Energy for America Program

AGENCY: Rural Business-Cooperative Service, USDA.

ACTION: Notice of solicitation of applications.

SUMMARY: The Rural Business-Cooperative Service (the Agency) Notice of Solicitation of Applications (NOSA) is being issued prior to passage of a final appropriations act to allow potential applicants time to submit applications for financial assistance under Rural Energy for America Program (REAP) for Federal Fiscal Year (FY) 2021 and give the Agency time to process applications within the current FY. This NOSA is being issued prior to enactment of full year appropriation for FY 2021. The Agency anticipates publishing a final rule for REAP later this year which will conform in part to the OneRD Guaranteed loan provisions published in the **Federal Register** on July 14, 2020 and will outline provisions as prescribed by the Agricultural Improvement Act of 2018 (Pub. L. 115-334), (2018 Farm Bill). It is the Agency's intention that the final REAP rule will codify REAP scoring criteria as outlined in this NOSA. All REAP applications competing for FY 2021 funding will be scored according to the scoring criteria listed in this NOSA. Applicants who have already filed REAP applications for FY 2021 will be allowed to provide additional information necessary for application scoring, and the modification will not be treated as a new application nor will it alter the submission date of record as noted in 4280.110(e). The Agency will publish the amount of funding received in any continuing resolution or the final appropriations act on its website at <https://www.rd.usda.gov/newsroom/notices-solicitation-applications-nosas>. Expenses incurred in developing applications will be at the applicant's risk.

The REAP program has two types of funding assistance: (1) Renewable Energy Systems, Energy Efficiency Improvements and Energy Efficient Equipment and Systems Assistance and (2) Energy Audit and Renewable Energy Development Assistance Grants.

The Renewable Energy Systems and Energy Efficiency Improvement Assistance provides grants and guaranteed loans to agricultural producers and rural small businesses to purchase and install renewable energy systems and make energy efficiency improvements to their operations. The Energy Efficient Equipment and Systems Assistance provisions were prescribed by the 2018 Farm Bill and provide guaranteed loans only to agricultural producers to purchase and install energy efficient equipment and systems for agricultural production and
